## President Report

What an honour it has been to be leading our great club throughout its 33rd season. We've had another incredibly successful year with the club continuing to go from strength to strength. I'm going to cheat a little bit with this report and add in some of my end of season speech, it really does capture the essence of our club.

I've had people tell me what a great job I'm doing... well maybe one person, but you know what, it's not me, it's you, the hardworking volunteers are what makes Mount Martha Life Saving Club such a fantastic organisation.

- It's the dedicated patrol members who provide a welcoming, safe environment for the local community and beach goers.
- It's Dylan Craig who takes the time to train and mentor his younger patrol members to be future leaders.
- It's Pam who makes new members welcome and promotes this club like it's the best thing since sliced bread.
- It's Troy who has the ability to make our youth and seniors feel 10 feet tall and full of confidence. He also has the ability to make you unable to walk for 3 days if you've ever attended his 6am circuit session.
- It's Leah and her team of lifeguards who coordinate a revolving door of schools keen to partake in our very popular Water Safety program.
- It's Max, Ben, Poppy, Lucy, Mikaeli, Lily, Zoe, Ed, Charlie, Sophie just to name a few of our coaches who provide a fun safe environment for our little nippers to learn new skills and to grow up and be big lifesavers just like them.
- It's Simon, Mark, Brendan, Jon, Craig, John and all the other trainers who do a fantastic job guiding our new lifesavers through their SRC and Bronze training.
- It's Sarah and Julie and their whole Starfish Nippers Team that hands down run the best program this club has on offer!!
- It's Ruby who studied and trained hard to become our first ever Junior Lifesaver of the Year, an incredibly prestigious award and we are all super proud.
- It's Bill Hallet from the Disabled Surfers Association and Virginia Richardson from the Mornington Peninsula Shire that continue to provide support which enables us to provide beach access to all members of the community. Having the all abilities matting out 7 days a week was a huge hit, often resembling Peninsula Link on a Friday night.
- It's Craig who pushes everyone's limits to become highly skilled IRB drivers and crew.
- It's David, Nick, Ness and John who make sure we are all upskilled and ready for another patrolling season and always smile even when we grumble about the run-swim-run being too long.
- It's Keith that does an amazing job of looking after well umm pretty much everything around here.
- It's David and Mel who provide the best dinner and drinks after Friday night Nippers. If you haven't tried one of David's \$12 porterhouse steak and salads you are seriously missing out.
- It's our Life Members who remain actively involved and continue to be a positive influence around the club.
- It's our outstanding Masters competitors who took out the 2019 State Championships, many of them testing their limits in the Surf conditions.

- It's Issy who has us looking fabulous in club merchandise.
- It's our incredibly generous Sponsors, who continue to support our club and it's programs.
- It's Andrew and everyone that helps out at the MMAD Swim, this continues to be an absolute highlight on the Mount Martha calendar.
- It's everyone that got behind Brendan's Blue Patrol to promote men's health and kick off our inaugural Work Boot Swim.
- It's Cathy and her team of environmental warriors on a crusade to keep our beaches beautiful, they're doing an amazing job with the monthly beach clean-ups.
- It's the parents that traipse all over the state to support and encourage their child's endeavours in lifesaving competition.
- Whether it's in the Gym or Yoga, Pilates, Masters, Seniors, Nippers or Icebergers, it's fantastic to see so many members enjoying the benefits of a healthy lifestyle.
- It's my family and everyone's family who give their loved ones the support and freedom to contribute to an organisation that impacts the wider community in so many positive ways.
- It's Age Managers, Coaches, Committee, Executive, Patrol members, Trainers, Assessors, Officials, Delegates and Staff, it's the many, many hardworking volunteers, no matter whether your role is big or small, all contributions are extremely valued and greatly appreciated and culminate in making our club the successful organisation that it is today.

I'd like to finish with outlining a few key projects we are currently undertaking – Internal and external CCTV and swipe card readers on all internal doors throughout the club. This will assist with making access much easier and safer for members. This has all been achieved through State and Federal grants.

I'd also like to take the opportunity to thank David Mowat. You have done an incredible job on the Executive for the past 6 years. Especially over the last 12 months in your support during my first season as President has been fantastic, always there to assist and guide me with the many tasks that the President oversees and undertakes, I really can't thank you enough. It's been a pleasure working with you on the Executive for the past 3 years.

Finally, there is still plenty happening around the club with ski training, irb training, yoga, pilates, swimming, open mic nights, plenty of opportunities to stay in touch and enjoy Mount Martha's finest location. Looking forward to season 2019/20.

Regards

Bec Gibbs  
MMLSC President

Independent Audit Report To the members of:

Mt Martha Lifesaving Club

## SCOPE OF AUDIT

I have audited the special purpose financial report of the Mt Martha Lifesaving Club for the financial year ended 31st March 2019.

The Management Committee is responsible for the preparation and presentation of the financial report and the information it contains and has determined that the accounting policies used and described in Note 1 to the financial statements which form part of the financial reports are appropriate to meet the requirements of the Associations Incorporation Reform Act 2012 and are appropriate to meet the needs of the members.

I have also conducted an independent audit of the financial report in order to express an opinion to the members of the association on their preparation and presentation. No opinion is expressed as to whether the accounting policies used, and described in Note 1, is appropriate to the needs of the members.

The financial report has been prepared for distribution to members and to satisfy the reporting requirements of the Associations Incorporation Reform Act 2012. I disclaim any assumption of responsibility for reliance on this audit report or the financial report to which it relates to any person other than the members, or for any purpose other than that for which it was prepared.

## AUDIT OPINION - UNQUALIFIED

In my opinion the financial report presents fairly the financial position of the Mt Martha Lifesaving Club and the results of its operations at 31st March 2019 in accordance with Australian Accounting Standards.

The Secretary  
Mt Martha Lifesaving Club  
PO Box 462  
MORNINGTON VIC 3931

Dear Committee Members

**Re: Mt Martha Lifesaving Club**

I have carried out a comprehensive audit of your accounts. I am satisfied that the attached Profit and Loss Statement and Balance Sheet which have been prepared from these records reflect a true and fair view of the financial position as at 31<sup>st</sup> March 2019.

The audit indicated that you are maintaining the accounts in a manner that complies with the Associations Incorporation Regulations 1998.

I have also attached our invoice for the service rendered.

Thank you on behalf of Skeats Robinson & Co for the opportunity to supply the audit.

If I can be of any further service, please don't hesitate to contact me.

Yours Sincerely

Ms Jeannette Skeats

## Mt Martha Lifesaving Club For the year ended 31 March 2019

Compilation report to Mt Martha Lifesaving Club.

We have compiled the accompanying special purpose financial statements of Mt Martha Lifesaving Club, which comprise the income statement, balance sheet and statement of cash flows for the period ended 31 March 2019, a summary of significant accounting policies and other explanatory notes. The specific purpose for which the special purpose financial statements have been prepared is to provide information relating to the performance and financial position of the company that satisfies the needs of the members.

### The Responsibility of the Directors

You are solely responsible for the information contained in the special purpose financial statements and have determined that the significant accounting policies adopted as set out in Note 1 to the financial statements are appropriate to meet your needs and for the purpose that the financial statements were prepared.

### Our Responsibility

On the basis of information provided by you, we have compiled the accompanying special purpose financial statements in accordance with the significant accounting policies adopted as set out in Note 1 to the financial statements and APES 315: Compilation of Financial Information.

Our procedures use accounting expertise to collect, classify and summarise the financial information, which the directors of the trustee company provided, in compiling the financial statements. Our procedures do not include verification or validation procedures. No audit or review has been performed and accordingly no assurance is expressed.

The special purpose financial statements were compiled exclusively for the benefit of the members of Mt Martha Lifesaving Club. We do not accept responsibility to any other person for the contents of the special purpose financial statements.

# Notes to the Financial Statements

---

## Mt Martha Lifesaving Club For the year ended 31 March 2019

### 1. Statement of Significant Accounting Policies

The directors have determined that the company is not a reporting entity and accordingly, this financial report is a special purpose report prepared for the sole purpose of distributing a financial report to members and must not be used for any other purpose. The directors have determined that the accounting policies adopted are appropriate to meet the needs of the members.

The financial report has been prepared on an accrual basis and under the historical cost convention, except for certain assets, which, as noted, have been written down to fair value as a result of impairment. Unless otherwise stated, the accounting policies adopted are consistent with those of the prior year.

The accounting policies that have been adopted in the preparation of the statements are as follows:

#### Income Tax

The income tax expense for the year comprises current income tax expense. The company does not apply deferred tax. Current income tax expense charged to the profit or loss is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, as at 31 March 2019. Current tax liabilities are therefore measured at the amounts expected to be paid to the relevant taxation authority.

#### Property, Plant and Equipment

Property, plant and equipment is initially recorded at the cost of acquisition or fair value less, if applicable, any accumulated depreciation and impairment losses. Plant and equipment that has been contributed at no cost, or for nominal cost, is valued and recognised at the fair value of the asset at the date it is acquired. The plant and equipment is reviewed annually by directors to ensure that the carrying amount is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the utilisation of the assets and the subsequent disposal. The expected net cash flows have been discounted to their present values in estimating recoverable amounts.

Freehold land and buildings are measured at their fair value, based on periodic, but at least triennial, valuations by independent external valuers, less subsequent depreciation for buildings.

Increases in the carrying amount of land and buildings arising on revaluation are credited in equity to a revaluation surplus. Decreases against previous increases of the same asset are charged against fair value reserves in equity. All other decreases are charged to profit or loss.

Any accumulated depreciation at the date of revaluation is offset against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset.

#### Trade and Other Receivables

Trade receivables and other receivables, including distributions receivable, are recognised at the nominal transaction value without taking into account the time value of money. If required a provision for doubtful debt has been created.

#### Financial Assets

Investments held are originally recognised at cost, which includes transaction costs. They are subsequently measured at fair value which is equivalent to their market bid price at the end of the reporting period. Movements in fair value are recognised through an equity reserve.

#### Trade and Other Payables

Trade and other payables represent the liabilities for goods and services received by the company that remain unpaid at 31 March 2019. Trade payables are recognised at their transaction price. They are subject to normal credit terms and do not bear interest.

# Notes to the Financial Statements

---

## Employee Benefits

Provision is made for the liability for employee entitlements arising from services rendered by employees to 31 March 2019. Employee benefits have been measured at the amounts expected to be paid when the liability is settled, plus related costs.

## Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held on call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

## Revenue Recognition

Revenue from the sale of goods is recognised upon the delivery of goods to customers.  
Revenue from the rendering of services is recognised upon the delivery of the services to customers.  
Revenue from commissions is recognised upon delivery of services to customers.  
Revenue from interest is recognised using the effective interest rate method.  
Revenue from dividends is recognised when the entity has a right to receive the dividend.

All revenue is stated net of the amount of goods and services tax (GST).

## Goods and Services Tax

Transactions are recognised net of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).  
Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the balance sheet.

## Grants

Grant revenue is recognised in the income statement when the entity receives the grant, when it is probable that the entity will receive the economic benefits of the grant and the amount can be reliably measured.

If the grant has conditions attached which must be satisfied before the entity is eligible to receive the grant, the recognition of the revenue will be deferred until those conditions are satisfied.

Where the entity incurs an obligation to deliver economic value back to the grant contributor, the transaction is considered a reciprocal transaction and the revenue is recognised as a liability in the balance sheet until the required service has been completed, otherwise the income is recognised on receipt.

Mt Martha Life Saving Club receives non-reciprocal contributions of assets from the government and other parties for a nominal or zero value. These assets are recognised at their fair value on the date of acquisition in the balance sheet, with an equivalent amount of income recognised in the income statement.

Donations and bequests are recognised as revenue when received.

## 2. Receivables

# Directors Declaration

---

## Mt Martha Lifesaving Club For the year ended 31 March 2019

The directors have determined that the company is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

The directors of the company declare that:

1. the financial statements and notes present fairly the company's financial position as at 31 March 2019 and its performance for the year ended on that date in accordance with the accounting policies described in Note 1 to the financial statements; and
2. in the directors' opinion there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Luke Woods

Treasurer

Dated: 2 May 2019

# 2018/19 Awards

What a great night we had at our 2018/19 Thank You & Awards Night celebrating all the awesome people who contribute towards making Mount Martha LSC the success it is. The following awards were presented on the night:-

Life Membership - Andrew Felsing

Presidents Trophy - Peter Johnstone

Junior Parent of the Year - Tanya & Leigh Brown

Best Club Person - Junior - Edward Johnstone & Ruby Lines-Perrier

Best Club Person - Senior - Issy Frantz

Best Patrol Person - Peter Langdon

Best 1st Year Lifesaver: Charlie Lines-Perrier

100% Patrol Award - Mark Cornish, John Harvey, Justine Marshall-Owens & Simon Perry

All Stars Patrol Team

Captain - Peter Langdon

Vice Captain - Charlie Lines-Perrier

Team - Meg Whitehouse, Bern Mooney-Wilde, Troy Cochrane, Hannah Mowat, Julie Marshall, Jason Spears, Asger Hardt, Steve Hofer

## 5 YEAR NATIONAL PATROL SERVICE AWARD

### Pictured

Tanya Brown, Jane Cole, Gordon Cunningham, Carolyn Golotta, Natasha Hartley-Jackson, Sarah Hilli, Steve Hofer, Jerry Krasnof-Hnatjuk, David Mowat, Hannah Mowat, Nicky Nurrish, Simon Perry, Jane Spears, Jason Spears

## Vice President Report

WOW! What a ride I have had over the last few years! Being Vice President for the last couple of years has been an incredible time and honour for me. I feel very humbled by the support, love, friendship and camaraderie that has been shown to Melinda, Mitch, Liv and I over the journey. I have had a few significant hurdles to overcome and with everybody's help, it has just made it all so much easier, so thank you from my heart!

I think that we can all safely say that the Club is in a great place both physically, financially and philosophically. What better place is there but the place we all call home? The "Marf" (as I like to call it) is a vibrant little bubble second to no one. With the guidance and caretaking skills of Luke and his able accounting team, the Club is in a truly great position to boast about not only dollars in the Bank, but also, the facilities that the Club can and does offer. Not only to the Club Members themselves but also to the greater community. Philosophically, I believe that we have never been in a better position, relating to the study of the fundamental nature of knowledge, reality and existence.

I would love to acknowledge the huge amounts of work Andrew Felsing has put into the Club over the past year. Again, Andrew has run an exceptional MMAD Swim on Australia Day, raising more than \$24,000.00, which goes straight into the Club coffers and thus relieving some pressure from other historic events that we have been involved in, in the past. It has been a little unfortunate and perhaps a little sad that we could always rely on the highway collection day in Mornington as a major financial boost, but unfortunately over the last couple of years VicPol saw fit to cancel all collection days. Fortunately, though, they have seen the error of their ways, and are now allowing us to conduct one later this year. So, having these two huge fundraisers happening again, I am sure that this time next year, we will be in an even better position. AGAIN, huge thank you to Andrew and all his team for another wonderful MMAD Swim Day. It does take almost twelve months of pre-planning and organisation to make this event happen.

Together with all the above, acknowledgment of Tim Coady (I think) is vital. Tim has worked (albeit quietly) tirelessly for the Club in his Sponsorship portfolio. Tim has managed to bring on board several new sponsors, has worked out and clarified exactly what all the sponsors will receive for their dollars spent, ensuring that their sponsorship dollars are maximized and I believe that his work on this, has hugely gone towards the Club's profile and perception within the Community. Businesses like Volpino (as an example) have embraced us with open arms and it's opportunities like these that go so far in making us successful as a Club.

Tonia Krasnoff our Grants Officer and Jerry her son are valued members of our Board and Seniors team. Tonia's ongoing dedication and many hours of ensuring the appropriate paperwork is filled out, and applied for via the various grants institutions has been invaluable. Having successfully applied for and obtained many grants for the Club, her work is vital and rewarding for everybody in this organisation, so should you come across Tonia around the Club, please be sure to warmly thank her for all her efforts.

Currently, we (the Club) still don't have a functioning Website available, but I am proud to say that, that situation is about to change. We are working diligently with a Website Developer, who is in the process of working up a suitable website for us to utilise fully and promote the Club in a whole new way. Following several meetings with the Web Developers and several long tedious training sessions with selected Clubbies, I can now say that we are well and truly in a position to launch the Website. And, I would hope that by the time this report is tabled, it will be up and running and letting everybody know the goings on within and around the Club.....!

## Vice President Report

With the development of the system, all Clubbies will have the ability to access the Website's Webcam to see current Bay conditions in real time, Access the Club Calendar and many, many wonderful functions. Again, a huge thank you to Dave Mooney who has agreed to take on the role of Website Co-ordinator for the Club.....!

Lastly, as in the past, our Club doesn't maintain itself! Fortunately, our own Steve Hofer is our "Knight in Shining Armour" when it comes to Building Maintenance. Being that Steve has such an intimate knowledge of the Building, it's machinery and mechanisms, his relentless pursuit of Club happiness has been brilliant. A lesser fella would have told us where to go by now? But Steve's easy-going nature has been the mainstay in his role. His attitude towards technical issues and day to day dealings around the Club has been fantastic and I hope that that will continue for many years to come!

Brendan Randall  
MMLSC Vice President

## Club Administrator Report

The 2018/19 season has been another busy one! My role at the club is very varied and I love it! No day is ever the same and I am not sure what to expect some days when I am at the club and hear footsteps approaching my office door. This year I took on the role of processing new memberships. As I am the first point of call for people who email, phone and walk in this makes perfect sense. We currently have 1,087 members. This season saw a huge influx of new members (over 400) across all areas of the club. This increase has added additional patrolling members, competitors and general members of the local community who are now able to participate in all the activities we offer. Although patrol season has now finished the club is still a hive of activity with yoga, pilates, icebergers swimming, boot camp and lots of social catch ups. I oversee the usual monthly tasks including routine pest inspections, lift servicing, fire equipment testing amongst many others. I was lucky enough to get a new laptop this season via a grant and I'm loving it. We also appointed an IT Manager this season and Simon has been a huge help with the setting up of our new email system and we are soon to move everything over from Dropbox to Google Drive.

I have also entered patrol logs throughout the season which is a challenge in itself trying to decipher handwriting and sign in/out times. These were all input on time to meet our LSV admin grant requirements. Managing Working With Children Checks takes up a lot of time and an even bigger lot of paperwork. I believe there is a plan in place for LSV to take over the co-ordination of this which will free up some time for me. I look forward to another great season with the great people from MMLSC in 2019/20.

Pam Mowat  
MMLSC Club Administrator

## All Abilities Beach Matting & Mobi Chairs

We have now finished our 3rd season with our all abilities matting and Mobi Chairs. This season saw the matting out permanently from November through to April. This was due to demand and has proved very successful with more people being able to access the beach and water during the week. The Mobi Chairs can still only be signed out during patrol times. In conjunction with Mornington Peninsula Shire we were finalists in the 2019 Coastal Awards and came away with a high commendation. I have put in a nomination for Outstanding Achievement of the Year at the LSV Awards of Excellence for our initiative so keep your fingers crossed! Thanks to our patrol members, icebergers, club members who have all helped to make a difference to people who have previously struggled to get access to the beach/water.

Pam Mowat  
MMLSC Club Administrator

## Schools Program Report

The MMLSC Schools Beach Program had another very successful and busy 2018-2019 season. We provided a wide variety of programs for a diverse group of schools and community groups.

This season, many of our school bookings were from returning schools, however we also had a number of new schools make bookings, largely through word of mouth recommendations. We have a mix of local schools and schools that choose to travel to MMLSC for their beach program, for example Woodlands PS in Langwarrin and Barton PS in Cranbourne West. Many of our Schools Program lifeguards were returning lifeguards from previous seasons. We also had a number of new lifeguards join the program this season and they were fantastic getting straight into the program and enjoying their time teaching kids their skills and enjoying their time working at the beach. We have a diverse group of lifeguards working in the program and they all bring unique skills and personalities which compliment our program. Term 4 saw a very full program, with November and December booked most days.

We also saw the return of additional programs, Kingswim and the Nippers Holiday program. Unfortunately for Kingswim the weather was not favourable (cold and windy), but we got all the swimmers in the water and enjoying some good waves – definitely a different water experience to pool swimming! The schools program ran three morning sessions for Nippers only. We had fabulous weather and a great turn out of nippers. This was a very enjoyable week for all involved with the Nippers gaining new skills and developing current skills to put towards Nipper carnival competition success. One of the highlights of these days were the ‘Feasts on the Deck’ after a morning of solid training. Many thanks to the amazing parents who spent their mornings in the kitchen providing yummy treats. Term 1 was booked solid from the very first week of school returning, at times we doubled up bookings to enable all schools to fulfil their program needs. A variety of bookings were made and programs run. The favourite bookings among schools and the lifeguards were the school carnival days. This allows the students to compete in the activities they have been learning and show how far they have come within their time at the beach.

Leah Andrews

MMLSC School Program Co-ordinator

## Club Captain Report

Well, what a great season it has been! The level of participation at both Masters and Seniors has been the best for many years. It seems our investment in these areas has really paid off.

Thanks to Troy, Shane and Grant for a great Seniors program that regularly saw over thirty participants at Thursday night training and many others attending board training, gym sessions and even a few joining in with the Icebergers. Numbers at carnivals have also risen this year and we are starting to enjoy some competitive success. Vice Club Captains Liv and Joe have been great spokespersons for the group and have always been keen to help when asked. Next year we plan to try and retain older Seniors who often drift from the club after they leave school. We propose to hold fortnightly informal training sessions for the 18-30 age group and will encourage Ex Seniors and others to attend.

Sarah Hilli did a fantastic job again in coordinating Masters. The varied program she arranges always keeps it interesting and you never know how hard you will be pushed by the different coaches. Post training dinners, on the balcony or across the road, have become a weekly event. Some would say they are the highlight of the evening. What a great effort it was to win the Masters State Championship at Lorne. I have heard there are quite a few others keen to share in the success next season.

Regrettably, I was unable to attend the Masters vs Seniors event this year, but I believe it was another great event, many thanks to Andrew and Loretta Felsing.

Further purchases of new training and competition equipment this year means we have a level of gear that would be the envy of many clubs. In the coming years we will continue to update older craft on a regular basis but will not need to make large purchases as we have in the past 2 years. Keith has continued to do an amazing job in maintaining our training equipment, his contribution and enthusiasm are greatly appreciated by all that know him. As the water cools, I will miss the warmer months and look forward to returning next season.

Jon Myers  
MMLSC Club Captain

## Vice Club Captain's Report

This year we saw a significant increase in the number of members participating in seniors. Throughout the season, members were able to partake in a variety of training sessions including Monday morning gym training ran by Troy. On Tuesday afternoons we had the opportunity to develop our skills on the boards. As the season has finished, this session will now become ski training which we are looking forward to. General training was available on Thursday afternoons covering a wider range of disciplines, with a focus on involvement and participation. This catered for both competitive members and social members within the seniors age group.

To commence the season around 30 seniors joined by the nippers, enjoyed a weekend of surf training at Anglesea. This camp was beneficial as it improved surf skills along with strengthening friendships. Throughout the season we have appreciated many social events such as surf days to Point Leo and Anglesea. To celebrate the end of the season, we had the opportunity to go to the Melbourne Cable Park and enjoy the inflatable obstacle course.

This year at states, nine competitors travelled to Warrnambool and competed against the best of the best across the Victorian coastline. With many podium finishes, our club is very proud of these members and congratulate them on their outstanding effort. We would also like to highlight Daniel Goodman's extraordinary dedication to his training throughout the year, with astonishing results in both state and national levels.

Held on the 14<sup>th</sup> March, the seniors battled against the master's state championship team. This annual event was competitive in nature, highlighting rivalries throughout the events. Though the Masters put up a challenge, the Seniors held onto their title. This event also commends the senior club champions Mikaeli Wharton and Maxwell Lee. On behalf of all competitors, we would like to send a special thankyou to Loretta and Andrew Felsing for their organisation to make this night a success. would also like to thank Shane Dawson, Troy Cochrane, Grant Gibbs and Jon Myers for their support and contributions to the Seniors' team making it a wonderful year.

Olivia Randall & Joseph Walker  
MMLSC Vice Club Captains

# Life Saving Operations Report

Lifesaving Operations is an area of the club that runs all year round, not just during the patrol season. In the off season we run training course for most awards, maintain our equipment and receive gear inspections from LSV to ensure our equipment is safe and compliant.

I would like to thank all committee members that ran the areas within Lifesaving Operations. Lifesaving Operations covers Patrol, Training and Assessment, First Aid, IRB, ATV, RWC, Radio, Patrol Equipment and OH&S. I am really pleased to see young leaders within our club stepping up and taking on committee positions. Tara Jackson continued as a Patrol Captain and our First Aid Officer and Rhys Cole and Lachie Lloyd took on committee roles for the first time as Radio Captain and Patrol Captain. In continuing to develop our young leaders Dylan Craig on team 4 has asked Hannah Mowat to step up into the Patrol Captain position next season and he will support her in a mentoring capacity. Again I am really pleased to see our members that started as Nippers now taking on leadership roles within the club. Our club is in great hands.

In terms of patrol it felt like it was a really quick patrol season! No sooner had we started and it was over. Patrol ran for 22 weeks this year and we ran 66 patrols, including 3 additional voluntary patrols during days of extreme heat. More details will be covered in Lachie Lloyds Patrol Report. I would like to thank all 162 members that attended a rostered patrol this season – without you giving up your time we would not have such a successful club.

Other significant events this season was Mount Martha becoming the southern base for the Lifeguard RWC Service. This has seen LSV station 2 RWC's at the club for use by the lifeguards between Boxing Day and Australia Day. The lifeguards patrol from Mornington to Rye, 7 days a week during this period. Out with this period the RWC's are available for use by our volunteer RWC drivers. This service has been a real addition to visible proactive lifesaving in our area.

David Mowat  
MMLSC Life Saving Operations Manager

## Patrol/Life Saving Operations Report

The end of Easter sees another magnificent summer and patrol season come to an end as the colder weather rolls in. As Patrol Captain it is with absolute delight that I extend a whopping thank you to every single patrolling member for volunteering your time and enthusiasm.

Our contribution to the beach stretches far beyond the water, from attending to first aid emergencies to teaching tourists about our local area and its features, your efforts do make a difference in the community and are frequently recognised. Alongside the diligence to turn up and patrol, equally recognisable is everyone's approach towards upskilling others and teaching those willing new skills, the genuine interest in developing your fellow members is one of my favourite aspects of our club.

Speaking of, this season we have had plenty of new award holders added to the ranks, welcoming 15 new SRCs and 16 new bronze medallion holders to the already many active patrolling members alongside 7 new IRB drivers and 6 IRB crew, it has been a great season of growth for our teams.

A special mention to a select few members who astonishingly managed to amass over 100 patrol hours, Congratulations to Mark Cornish, Maxwell Lee and Ruby Lines Perrier! Keep up the great work.

I'm sure we can all agree that the semi-permanent placement of the beach matting, the provision of the Lifeguard jet ski service and rollout of the digital radio network have been major developments for the club and offer up many opportunities for seasons to come, thanks for your assistance in helping with the induction of these changes to ensure they ran smoothly. The patrol operations team have a few plans in the works and hopefully it will only enhance your patrolling experience in years to follow, watch this space!

Finally, I would like to mention the patrol operations team including David Mowat, Tara Jackson, Rhys Cole, Craig Dullard, Jeff Malone, Aaron Mynard, Jim Alsop and of course Patrol Captains and Vice Captains. Your organisation and commitment to deliver the best possible service each and every weekend is greatly appreciated.

Lachie Lloyd  
MMLSC Patrol Captain

## Blue Patrol

This season I have taken over as Patrol Captain of Team 2. I wanted to develop it into something more than just another patrol team. So, with much thought, I decided to go the way of Sally Davis' Pink Patrol idea and said, let's do a Blue Patrol. Sally's development of her patrol has been so impressive and successful, I trusted that we could pull off the same deal. Thank you so much to Karyn Peck my trusty Vice Captain for all her support and help along the journey. Like me, Karyn has not been able to get to every patrol but has been a terrific support all season. Also, Pete Langdon deservedly needs a pat on the back for his efforts this season. Pete has been busily collecting Lifesaving Awards and Certifications, all of which have ensured him as a future club leader in years to come. Pete loves patrolling and has even taken it as far as joining up at Gunnamatta SLSC. But Pete, you are not leaving us, LIKE EVER!!!! hehe....

It was decided to have the actual "Blue Patrol - for Men's Health" held on the 3rd of March. Patrol time was scheduled for 12pm as normal and away we went. Everybody was so enthusiastic and engaged. We did have several clubbies turn up to help out on the day and I would especially like to thank Mark C, Simon P, Keith H, Nick W and Scotty F for all their help and assistance. Scott Fifield set up and ran a fantastic Blood Pressure Check station which was well and truly used through the day. I believe at last count, that there were approx 40-50 checks carried out on both fellas and gals, which was a terrific outcome. We organised two meat trays and sent out a few seniors to sell raffle tickets to the Gen-Pop which will allow us to make a little money to go towards future programs.

By far the outstanding bit for the day was "Seaweed on Sticks"! A great young local band of four guys getting together to play beaut "Indie" style music. "S on S" played for approx an hour and the whole beach moved down to sit in front of the Clubrooms to watch and listen. They certainly gained a few more supporters and did a marvellous performance. I was asked several times "when will they be playing here again"? So, thank you to those guys again.....

The icing on the cake for the day was the inaugural "Work Boot Swim Race". Now, whilst there were only 9 guys vying for this most prestigious trophy, the competition was fierce. With nothing but swim caps, budgies and work boots on, it was a gruelling 300m break neck sprint race to end all break neck swim races. Plenty of "argee bargee" along the way, with pushing, pulling and probably the odd bit of hair pulling, but we all came in much the better for the competition. In the end, I was race leader and came across the line victorious, leaving all others in my wake! But that was only because the buggers "rigged it", but I did appreciate it and the success of it speaks for itself.

The end of the patrol day saw the lighting of the BBQ's and with some 30 something people, we were able to sit down to some tucker, dissect the day's events, have a few quiet bevies and watch the sun go down over another successful MMLSC patrol day. As a legacy going forward, I would love to think that we will hold the Blue Patrol on an annual calendar and very much looking forward to next season, although, I don't think those Work Boot Swim racers will be as kind to me next year.....?

Until then, good luck to all! Stay warm over winter and looking forward to catching up with loads of you next year.....

Brendan Randall  
Team 2 Captain

# Blue Patrol

## IRB Captain Report

Four boats. Three motors.  
Check. Service. Prepare them all.  
Gear Inspection pass.

Season starts anew.  
Driver. Crew. Requal' to do.  
All passed, patrol fit.

Summer ends. Gear worn.  
Winter competition comes.  
New frontier. Cold. Fun.

Craig Dullard  
MMLSC IRB Captain

## First Aid Report

This past season has seen a wide range of responses from our first aid trained members at MMLSC. From simple cuts at nippers nights to attending members of the public with suspected cardiac issues and breathing difficulties. Although our incidents are thankfully very low, this is a reminder to always remain vigilant and keep our training up to date. Congratulations to the huge amount of patrollers who up-skilled and requalified in their first aid courses. More will be run through the year so please keep an eye out – it's a fantastic course, not only for your skills at the club, but also for the community. If anyone has any ideas or additions they would like to see added to the First Aid Room, please don't hesitate to contact me.

Tara Jackson  
MMLSC First Aid Officer

## Radio Captain Report

This season saw the introduction of the highly anticipated new digital radio network with many useful features such as multi agency communication, gps tracking and better statewide coverage.

A training night was held for all the patrol and vice patrol captains on how the new radios operate and their features, who then passed this knowledge onto their respective teams. The new digital network did have some issues throughout the season due to not all towers being installed and this was noted and sent to LSV to fix.

As a whole they have been a viable update not only for the club but for the whole State. Next season the network should be fully up and running smoothly.

Rhys Cole  
MMLSC Radio Captain

## Gear Steward (Competition) Report

The 2018 to 2019 year has flown. It has been a busy time for me with a number of boards, paddles and ski's requiring repairs and a few projects undertaken in the equipment room to improve our storage options. A new board rack for 8 units was built and additional shelves in the storage cabinet put in.

All boards, paddles and ski's were repaired in house with only one competition mal needing extra love from Trigger Brothers at Point Leo to restore it to its former glory. I would like to acknowledge the generosity of Paul and Phillip Trigger for supplying to me Resins, fibre glass etc at minimal or no cost. They and Alan Francis were also very generous with their time in teaching me the basic & finer points of board repair.

An audit of all our boards was undertaken early April 2019 and only 6 boards were found to require some repair. It is pleasing to see that when a board is damaged, the user / coach attaches a "do not use" tag on the board and places it in a quarantine area so that it is not used.

New boards purchased in 2017 – 18 and 2018 – 2019 has enabled the club to retire and then sell to members a number of Mal's, ski's and nipper boards. The club now has an excellent range of boards. We have 22 nipper competition boards and 10 mal competition boards stored in the patrol room for our competitors to use when under the coach's direction. The storage of 2 x board racks in the patrol room during the season was greatly appreciated and provided a sensible and practicable solution to the effective management of the club's equipment.

In the equipment room, the boards (nipper and Mal's), SUP's, Kayaks and ski's are for general use. Members need to ensure that when they use the general use equipment, they record their details and the ID number and equipment type in the register. All equipment has a number written on it – including paddles. To date 2 SUP paddles have not been returned to the club and were lost and one was broken due to inappropriate use.

Building member awareness as to the correct care and use of equipment is ongoing. A few golden rules.

- Do not leave boards face up in the hot sun - turn upside down.

- Do not drag boards over sand.

- Get help to carry boards out of the racks and to return them. A lot of damage occurs when handling them in the confined spaces of our club rooms.

- Take care when loading / unloading and strapping boards onto cars / trailers.

- Report any damage to equipment to patrol captains and place a "do not use" tag on the equipment and store it at the back of the equip room.

- Take care of the equipment and only use the equip the way it was designed for.

### Summary

I have enjoyed the last year – all my interactions with people at the club has been extremely positive and fulfilling and I will be happy to continue in this role if it is the wish of the members. A special thank you to Jon, Troy, Bec, Pam and Brendan for their assistance, guidance and support they have given me during the year – you guys are very special people and it is a privilege to be part of your team.

Keith Hunter

MMLSC Gear Steward (Competition)

## RWC Captain's Report

This year has been a year of significant change for the MMLSC RWC program with new skis and a new operating focus and level of support from LSV.

As most people would have seen we have two new RWC's sitting in our clubhouse, these are now provided, owned and maintained by LSV – with LSV organising professional RWC operators from across the organisation (not just Mt Martha members) to run them during the peak season, with RWC team members from our club operating the skis on each side of the 'peak' season. I believe that this is a win-win for the club and the broader community as LSV pays for the service and the RWC are on the water more. In addition LSV has agreed to assist us with training of new RWC team members, which has always been a challenge for us.

As we now have two new skis our old (pretty new really – 2015 model) SeaDoo is up for sale now, and our older (2009) Yamaha will be up for sale soon – which will be awesome as not only will the club get some extra cash but also we will get some more room back in the patrol area! If you want to get yourself a good deal on a well maintained low-hour ski that's set up for the surf check out the links below and if you have any questions please let me know.

See you down the club

Aaron Mynard

MMLSC ATV Captain

## Merchandise Report

The season of 2018/19 proved to be a rather busy one for merchandise.

We used our initial stocktaking to re-organise the shop by adding extra shelving for storage and giving it a lick of paint, to have the beach feel even in the far away corner on the first floor.

We restocked our supplies and brought out a new design for our club bathers. The colourful bathers were an instant hit with members, as were the introduction of jammers for men and boys.

The new range zipped hoodie for adults and the new polo-shirts also received positive feedback. With an unexpected high number of new members signing up our stock in Hi-Vis vests and competition caps was running low before the season had even started! But thanks to the support of our suppliers we were restocked by the time competitions started and all was good.

During the MMAD Swim we had a stall down at the concrete apron to sell T-shirts from previous year's MMAD swims with great success. End of line bathers and other odd pieces were also snapped up at bargain prices. It proved to be a rather successful day, so we might consider repeating this action at future MMAD Swims.

Before we knew it the last nipper evening was upon us and the season drew to an end. A BIG Thank you to Kayley Ward for her unwavering Friday night support. I couldn't have done it without you. Thank you to everyone for the positive feedback and the suggestions for future merchandise items.

Issy Frantz

MMLSC Merchandise Coordinator

## Media & Social Media Report

2019 has been a great season for MMLSC in both social and local media. This year we have seen the Patrol Members, Seniors & Masters Facebook pages all being fully utilised to internally communicate in many positive ways with each other.

Our main MMLSC Facebook page has focused on stories that are about the club, our place in the community, as well as being utilised to advertise and encourage wider interaction with our sponsors. Ruby Lines-Perrier was a feature story for her Co-Junior Lifesaver Of the Year Award, an outstanding result for Ruby and Mount Martha LSC.

Seniors moved to Team App late in the season which is working very well, and there has been some work in bringing Instagram communication forward as a more user friendly medium for our club members especially the younger members.

Highlights include:-

Local Peninsula RPPM:

- Season opening interview live on air with the Saturday morning sports team
- Masters Lorne Championships victory interview live on air with the Saturday morning sports team
- MMAD Swim live cross of the event throughout the day

Mornington Peninsula News:

- Full story in sports section and on their web page, accompanied with photo for our victorious Masters team at Lorne

Other Media:

- We also gained other local media support, recognising our focus utilising All Abilities matting and MobiChairs for those that haven't been able to swim at a beach before.
- Our wonderful Starfish Nippers were featured in media for the great program that the club through Sarah & Julie initiated and continue to drive.

Mark Cornish

MMLSC Social Media & Media Co-ordinator

## Junior Activities Report

First of all, I want to extend a big thank you to everyone who helped make my first year in this role run as smoothly as it did. Without everyone's assistance the program and numerous other junior activities would not be able to run. This year was also the first season without our U14s as LSV moved them up into the Seniors.

### JUNIOR SUB-COMMITTEE

Ange Iliopoulos	Junior Director
Peter Johnstone	Junior Competition Manager
Kirsty Hardt	Junior Carnival Registrar
Dawn Jenkins	Coordinator U6-U8
Jo Fabian	Coordinator U9-U13
Steve Hofer	Water Safety Coordinator
Matt Barke	Coaching Coordinator
Jackie Jackson	Carnival Coordinator
Vacant	Surf Education Coordinator
Deanne Johnstone	Life Saving Awards
Tanya and Leigh Brown	Beach Set Up Coordinator
Sarah Hilli & Julie Marshall	Starfish Nippers
Troy Cochrane	U13 Coordinator

Once again, the Age Managers are integral to the running of Friday night nippers sessions and a sincere thank you to all the parents who helped out over the season. Without you the program would not run. There was great involvement this year with many age groups having extra assistants. The kids love having their parents involved and as a helper watching the nippers skills and confidence improve over the course of the season is a great reward for your time and efforts. Thank you to Bec Gibbs and Andrew Felsingier who ran a fantastic Age Managers course and continued to give them support throughout the season.

### Age Managers 2018/19

		Age Manager	Assistant	Assistant
U6	Boys	Ivan McNamee	Catherine Bartolo	
U6	Girls	Joel Hood	Michelle Varcoe	
U7	Boys	Richard Young	Bronwyn Rogers	Marnie Harvey
U7	Girls	Ben Gardiner	Brad Watson	Charles Young
U8	Boys	Simon Gennari	Stephen Broadbent	Emma Brown
U8	Girls	Bronwen Hocking	Heath Mathias	Marlene Sorensen
U9	Boys	Andrew Peach	Johann Bartolo	
U9	Girls	Nick Papas	Jill Clarke	
U10	Boys	Graeme Still	Adam Bendle	Adam Janecek
U10	Girls	Stephen Howarth	Stephen Rosbrook	Kirsty Hardt
U11	Boys	Graeme Lear	Andrew Timmons	
U11	Girls	Barrie Hartley-Jackson	Susie Wheelahan	
U12	Boys	Leigh Brown	Mal Geier	Rebecca Thompson
U12	Girls	Michael Blair	Kelly Mann (carnivals)	
U13	Girls/Boys	David & Jillian Griffiths	Bec Gibbs	Troy Cochrane & Grant Gibbs (coaches)

### Coaches

Thanks to Matt Barke for managing the coaches again this year, and a thank you to all the fantastic coaches who volunteer their time every week to ensure the nippers have meaningful direction and learning.

Zoe Brown	Bridget Corcoran	Poppy Cook	Ben Golotta	Asger Hardt	Max Hilli
Lilly Hughes	Ed Johnstone	Peter Johnstone	Lucy Mowat	Sophie Mullan	
Mikaeli Wharton	Charlie Lines-Perrier	Jerry Krasnof-Hnatjuk			

# Junior Activities Report

## Starfish Nippers

Sarah Hilli and Julie Marshall once again did a fantastic job running the Starfish Nippers program with an even larger group of helpers than last year. It's always rewarding to see the smiles on the children faces.

This year saw the Starfish Nippers compete in their first carnival at the Hampton Life Saving Club. The feedback was incredibly positive and they are hoping to have more opportunities for carnivals next year.

## Nipper Camp

We had another successful nipper camp at Anglesea. It was a combined camp with the Seniors which saw nearly 80 kids attend the camp. Along with the parents, coaches and water safety it was once again a great bonding weekend and an opportunity to catch up before the start of the official season. The surf conditions were perfect all weekend which had no one wanting to get out the water. We look forward to another camp in October this year, once again combining the nippers with the seniors.

## Specialist Training

A big thank you to Troy for once again giving the nippers invaluable specialist board training on Tuesday nights. The kids always leave these sessions exhausted and with a smile on their face. The benefit these sessions have is obvious when the kids can see their fitness and skills improving. We also managed to get a great afternoon surf session in at Pt Leo. We hope to continue building on this in the 19/20 season and continue getting surf sessions in over the season. The surf sessions will continue to be open to the U9-U13s who have completed their competition assessment swim.

Thank you to Peter Johnstone also who conducted specialist competition training on Thursday afternoons. And also to Ron Johnstone for once again volunteering his time to assist in coaching the nippers in March Past training.

## Prelim and Comp Swims

Thank you to Peter Johnstone, Kaya Cook and Bec Gibbs who assessed our nippers in their prelim swims and their competition swims. Next season we hope to make it compulsory for all nippers who want to participate in the specialist board training to complete their competition swim assessments. Thank you to Deanne Johnstone who processed all the Form 14s. The new Nippers App should make that job easier in the coming season.

# Junior Activities Report

## Intensive Summer Program

Leah Andrews and her team of volunteers had the nippers swimming, running, boarding and having a ball for 3 mornings over the summer school holidays. Thank you also to Noah, Brenton, Olivia, Chloe and Esme who assisted in the running and water safety over the days.

## Junior Competition Report

This season there were six scheduled carnivals which were all held under difficult conditions. The U14's were moved to senior carnivals and our Junior team missed their experience and leadership.

The first Carnival was at Altona, which MMLSC did not attend, was hampered by poor water quality.

The second carnival was at Mt Martha and was restricted to beach activities due to poor water quality despite ideal conditions. All competitors did extremely well and was well supported by MMLSC members.

Carnival three was at Cosy Corner and was cancelled due to heat and extreme weather conditions.

Bancoora SLSC held the first of our qualifying carnivals and had challenging surf conditions and limited chances to perform.

Mordialloc was the second of our qualifying carnivals and had 1700 nippers in 40-degree heat competing for spots at junior state championships.

The Apollo Bay carnival was shifted to Lorne due to the lack of a beach, and was held the day following the Masters State Titles. Belt and Reel titles were decided at this carnival for U12 and U13 with varying results due to gear failure. Lucinda Johnstone and Maisy Cook did well in the final.

Junior State Titles were held back at Lorne with success in the March Past with our team prepared by Ron Johnstone and having three U14 competitors helping to bring home silver medals. The first day saw a number of competitors reach finals with many qualifiers for team events on day two. The second day was cancelled due to dangerous surf.

Special mention and thanks must go to those that helped with water safety, age managing, packing trailers, officials, attending LSV's setup and pack up duties and making the Mt Martha carnival one to remember.

Congratulations to Sacha Brown and Matthew Wheelahan for outstanding results as our overall nipper Champions for 2018-19.

Peter Johnstone  
MMLSC Junior Competition Manager

## Starfish Nippers Report

Starfish Nippers is a wonderful program that caters for children and young adults who have special needs. This is the third year that Starfish has been part of the MMLSC Nippers program.

The weather was fantastic this year so we were able to run the program for the whole season. Flynn, Tristan, Ally and Ryan have now completed Starfish Nippers for three seasons, Flynn is now stepping into a coaching role and often took our groups warm up activities. Julie, Tin Tin and Oran returned for the second season and it was wonderful to watch their progress. This year we also added Samuel to our group, and we have enjoyed getting to know him.

Each of our Starfish Nippers must have their own helper, Julie and I are grateful to have such an amazing team of helpers!

Lisa Chambers, Tayla Davies and Maria Harvey returned for their third season, Laura Hilli, Carolyn Golotta and Deb Barke enjoyed their second season. And Robyn Finlay and Christine Sordello joined our team this season. Without these wonderful helpers our group just would not work, so a huge thank you to them.

We also are grateful to Warwick Hilli, Russell Mullan and Gary Marshall for their water safety help. Ian Welsh is always on hand to help. Patrol Team 8 are also very helpful and accommodating to our group. And our Starfish parents, we are so thankful that they let us have so much fun with their child.

As well as our weekly Nipper sessions, our group enjoyed their very first Carnival! Hampton Lifesaving Club held the Inaugural Starfish Nippers Carnival and it was a huge success! Tristan, Ryan, Ally and Julia competed and had heaps of fun. We enjoyed using the amazing equipment at Hampton and are applying for grants so we can also have special equipment at MMLSC.

As always, we are grateful to the MMLSC committee for supporting our group and look forward to an even bigger and better season next year.

If you would like to know more about Starfish Nippers, or think you may like to be a helper next season, please email [starfishnippers@mmlsc.com.au](mailto:starfishnippers@mmlsc.com.au)

Follow Starfish Nippers Australia on Facebook: [www.facebook.com/StarfishNippers](https://www.facebook.com/StarfishNippers)

Sarah Hilli and Julie Marshall  
MMLSC Starfish Nippers Coordinators

## Seniors Report

With strong participation, great attitudes and fantastic results we can mark this season as a huge success for the clubs Seniors Team. It started with a healthy mix of returning seniors, new kids to the club and the introduction of the U14's as seniors for the first time, all which saw training numbers well in excess of previous years. This was all supported by a dedicated and experienced coaching team led by Troy and well supported by Shane with cameo appearances from Jon Myers & Co.

Accomplishments during the season included a successful surf camp at Anglesea, regular competitors at local carnivals and a comprehensive win by the seniors in the annual Seniors v's Masters comp! There was also a bunch of other initiatives & social functions during the season including Gunnamatta surf sessions and a great night at the Aqua Park followed by pizza and tall stories!

As aforementioned, the attitudes of the kids was terrific. There was no shortage of enthusiasm and the respect shown to the coaching staff and their peers was exemplary. This was no more evident than in the way the U14's were welcomed into the team, and for that alone we would like to commend the older seniors. The seniors also played a pivotal role in the clubs ability to fulfil several of its core responsibilities, those including excellent attendance during weekend patrols and strong numbers volunteering their time to act as coaches or perform water safety for the Friday night Nippers.

We should also pay tribute to those kids who represented the club so well at states, and in particular Dan Goodman who flew the club colours both at Worlds and Aussies - an outstanding effort. Hats off also to Ruby Lines-Perrier who won the LSV Junior Life Saver of the Year Award. This is a huge achievement and just reward for her ongoing commitment to life saving. Well done to Vice Club Captains Liv Randall & Joey Walker who both acquitted themselves flawlessly to the leadership roles and represented the Seniors Team at committee meetings.

Many thanks also to the regular parent helpers who helped with officialing, providing water safety, transporting to & from events and for the taking of photos during the season. A massive thanks again to Jackie Jackson who also volunteered as head official throughout the season, an outstanding effort for someone who doesn't have kids involved in the seniors team.

Well done to all our award winners this season, although its hard to pick individual names out when we have such a strong & vibrant team of kids the club acknowledges the below award winners and congratulates all seniors who were involved this season.

### SENIOR AWARDS

Champion Competitor	Male	Daniel Goodman
Champion Competitor	Female	Zoe Brown
Most Improved Senior	Male	Zac Lupton
Most Improved Senior	Female	Mia Bilston
Coaches Award	Male	Henry Fuller
Coaches Award	Female	Poppy Cook
Club Champions	Male	Max Lee
Club Champions	Female	Mikaeli Wharton

Grant Gibbs

MMLSC Senior Team Manager

## Master's Report

Our Masters have enjoyed another wonderful year on the beach. We have been lucky to have a great variety of coaches willing to train us throughout the year. Some of this year's highlights include:

### **Masters State Championships in Lorne**

40 Masters travelled to Lorne in February to compete in the Masters State Championships, and we had a wonderful time competing and supporting our peers. To top off the fun weekend, we actually won the Championship!

### **Seniors Vs Masters**

Andrew and Loretta Felsinger ran the Seniors vs Masters competition again which was great fun. But unfortunately, the Seniors were too good and won again! Despite the loss, we had a wonderful evening with the club's teenager members, followed by a BBQ upstairs. Next year Masters!!!

### **New Sponsor**

Masters are now sponsored by Volpino. Dave and his team have looked after our Masters crew after training a few times this year, with delicious food and a great venue. With the sponsorship funds we are hoping to install an outdoor clock that is visible at the poles. This will be of great benefit to our swimmers and also let us know when its time to pack up training and head over to Volpino for an after training catch up!

### **Triathlon**

This year we held the Inaugural Masters Triathlon! Tanya and Leigh Brown created a mini Triathlon course for our group. It was such a fun night, riding and running around the Estuary. The Inaugural winners were Kayley Ward and Dave Mooney.

### **World Life Saving Championships**

Izzy Frantz, Wolfy Frantz, Caroline McGill, Jane Cole, Vanessa Wootton, Nick Wootton and Troy Cochrane represented MMLSC at the Lifesaving World Championships in Adelaide and came home with a swag of medals!

A huge thank you to all our coaches this year: Troy Cochrane, Scott Fifield, Jon Myers, Darren Hood, Grant Gibbs, Tanya Brown, Leigh Brown, Jane Cole, Jodie Shanahan, Leanne Jack, and Justine Marshall-Owens.

And a massive thank you to all the members who came and joined in Masters training on Wednesday nights. We met lots of new members this year and look forward to welcoming even more next season. All members over the age of 25 are welcome. No experience is required, just a willingness to get fit, have fun and get wet!

Sarah Hilli

MMLSC Masters Coordinator

## Victorian Masters Championships - Overall Rank and Points Report (Event Date: 09/02/2019)

Generated on 14/02/2019 3:07 pm

Rank	Club	Points
1	Mount Martha LSC	337

## Iceberger's Report

The Mount Martha LSC Icebergers continue to go from strength to strength. Our 12 seasons have produced a total of 87 'certified' Icebergers of whom at least 65 are still regular swimmers and contributors to the club. Twelve rookies joined the ranks by completing the 2018 winter swimming season without the benefit of a wetsuit.

Education is the key to safely conducting any water-based sport, particularly open water swimming and particularly in cold water. Over the years, collectively we have built up a substantial knowledge base through research and experience that can only be of benefit to the club and the broader community. To adequately prepare for the onset of the winter season, our "Cold Water Swimming @ Mount Martha" booklet was distributed to all newcomers (rookies) as the temperature started to drop, and this was followed by our pre-season 'Information & Challenge' dinner. All rookies were closely monitored and encouraged throughout the season.

A program of other winter-time activities in 2018 included occasional full moon swims, the annual weekend away in Lorne for the winter pier to pub hosted by the Brighton Icebergers, numerous peninsula-based walks, trips to the hot springs and lots of coffee. Throw in a number of 'big' birthday breakfasts, pilates under the watchful eye of our resident physio and our fun-filled, season-ending 'Presentation' night, and a good time was accessible to all.

Iceberger of the Year for 2018 was Keith Hunter and Rookie of the Year was Simon Tate.

During the warmer months, the Icebergers simply reverted to being regular club members. The summer conditions permitted longer and more adventurous swims and our swimming numbers swelled (particularly mid-week). Out of season, most Icebergers became intimately involved in regular club activities such as patrolling, educating, instructing, administrating, coaching, competing, fundraising, assisting with the MMAD swim, and participating in any number of other wider club activities.

No doubt the 2019 winter season will throw up a whole range of new Iceberging challenges to both our rookies and the old hands!

Kaye Jarrott

MMLSC Icebergers Coordinator

# MMAD Swim Report

Again the MMAD Swim proves to be not only a successful community event on Australia Day that showcases all aspects of our club but it is also an excellent fundraiser. This year I thought that I would provide the feedback I received both Warm and Cool as a reflection of the success of the day.

## COMPETITORS & REGISTRATION

Total of 865 swimmers

1.2m 611 swimmers with 525 pre registered

5km 146 swimmers with 164 pre registered (and paid)

Novice 73 swimmers with 69 pre registered

Nipper 35 swimmers with 29 pre registered

These numbers are very close to last year's with a marginal increase in 2019.

There was a decision to accept a small over subscription of 5km swimmers because of a history of dropouts on the day. This occurred again in 2019 with 164 registered and 146 swimmers on the day. This amounts to a donation of over \$1200 to the club. After the final cut-off, there were 19 swimmers on the 5km wait list who were not offered a spot. \$38,850 total online registrations paid. \$1165.50 withheld in registration fees. Overall registrations has been very smooth with the Register Now software that we have been using for the past 4 years. This software costs the club 3% of all funds going through the online system.

There have been some anomalies with the timing system this year that is being followed up. There has been a reduction in the invoice for the Timing from Tomato Timing. No First Aid incidents to report

## RESULTS

Overall winner 1.2km Male: Jackson Lazzar 13:18

Overall winner 1.2km Female: Ellie Castrum-McDuff 14:47

## THANKS

At the Sponsors luncheon I thanked all of the MMAD crew for the work they did to make the swim a success. I would just like to acknowledge a couple of other members who did contribute but may have been missed on the day.

Ray Flanagan: Did all of the Application writing and got all of the approvals from the peak bodies. He does a great job of this and probably should have had a career in Admin! In addition he worked with Keith Hunter and Brendan Randall to ensure that all of the buoys and anchors were ready to go.

Nick Wootton: Nick does a lot of work behind the scenes and often gets missed in the thank yous. He is always there on hand to do whatever is needed to ensure the success of the day. Plus he keeps Vanessa happy which also adds to the success of the day!!

Steve Hofer: Steve always organises the pre swim working bee which ensures that the club looks tremendous for Australia Day.

# MMAD Swim Report

John Harvey and helpers: Apart from the beach set up John on the working bee day renovated our club flagpole so that it now stands bright and shiny with the Aussie flag on Australia Day.

## WARM FEEDBACK

All helpers were enthusiastic, motivated and worked hard to ensure success of day

New yellow markers are great

Set up of course the night before

4 RWC & 3 IRB worked well.

Water trailer & drink bottles successful

PA system worked well

3RPP added to the atmosphere of the day.

Happy with solo wave for 70+ females

Water safety is the best of all open water swims

Most engaging swim of all OWS for competitors and spectators

MC is a lot of fun and adds to the atmosphere of the day

Spot prizes are great

Pack up crew did a great job- turned up ready to go.

Storage system for the buoys with labelled crates makes pack up easier

Drone footage was impressive and will be a great marketing tool

Craft on the outside and boards on the inside of the course worked well

Helpful and cheerful water safety crew.

It was a great advantage to have significant numbers of water safety registered which allowed for email notification of water safety team allocations prior to the day.

Swimmers were well catered for following a great turn out for water safety with in excess of 60 qualified members (mostly BM as a minimum) patrolling

A return to the "ORIGINAL" course lay out for the 1.2 event was an excellent move. This course included a wider gate (blue buoys) and removed congestion between "starters" and "finishers from the previous waves". The boating marker poles were well away from the course.

Sale of surplus old MMAD stock and club stock raised \$1000

The lineup of lifesavers in the water so that we could all applaud them.

Register Now is effective in ensuring all competitors are on

MC is encouraging to all groups- reason we like this swim

## COOL FEEDBACK

Slightly low on shirt numbers for helpers.

Didn't like solo wave for 70+ females

Registration sheets not filled in properly

11 registrations not registered with Tomato Timing

Many complaints re times not posted with Tomato Timing

No overall coordination of helpers on the day

Delay in starting novice swim due to course not being marked

Too many turns in course

Not enough markers on 5km course

Ran out of toilet paper

Too much time between waves

Not enough time between waves

Too many people in waves

Not enough people in waves

# MMAD Swim Report

## SUGGESTIONS

Close online registrations 11pm 25<sup>th</sup> Jan- allows more time for lists to be collated and printed.

Hold off on water safety getting a shirt until end of swim and they can have a swimmers shirt if there are no Crew shirts left. Important that Crew on deck are visible during the morning

More markers for the 5km swim

Sponsorship person should have bios or notes re each of the sponsors for MC and sponsor presentation

Designated role- helper coordinator who must be on beach from 5.30am until completion of day. Their role will include

- All helpers are signed in

- Each helper gets a crew shirt

- Each helper reports to their coordinator

- Each helper gets an egg and bacon roll and coffee and/or attends lunch

- Hands out vouchers for above

Board paddler with blue for lead male and pink for lead female in 5km

Take t-shirt sizes when people sign up to help, it might be just enough of an incentive to get them on-board

Need to include succession planning for critical roles ie assistant water safety coordinator

Relocate the PA speaker that was positioned behind sponsor tents.

Invite 3RPP back again 2020

Even the times for the Waves ie a standard 5 minute gap rather than 2 minutes- then 8 minutes etc.

No need for finish line bunting snake as times are recorded electronically and competitors can remove and dispose of the timing bands themselves

## ACTIONS FROM FEEDBACK

Shift nipper & Novice swim course a little to Sth so that less chance of crossing over 5km swim finishing

Get numbers from each wave for 2019 and review

Purchase marker for Nipper & Novice swim and set markers on 25<sup>th</sup> Jan as per rest of course

Purchase 2 halfway markers for the 5km swim and get rid of small pink ones

Maintain 4 on finish line plus one spotter

As soon as you have result sheet from a wave cross check with Tomato Timing

Close registrations on 24<sup>th</sup> Jan 11pm to allow all of 25<sup>th</sup> for sorting with Tomato Timing.

Media person is needed

Briefing for all registration helpers by registration coordinator

Merchandise stall to be included in tent area

Need extra EFTPOS machine for Merchandise stall

Make more concrete anchors to ensure that the markers do not drift

Relocate the PA speaker that was positioned behind sponsor tents.

Andrew Felsing

MMLSC MMAD Swim Coordinator 2019

# MMAD Swim Report

## Private Club Hire Report

During the 2018/19 season we have once again hosted many different types of functions.

Our community groups have made the most of our wonderful facilities and location. We have hosted functions for Mt Martha Rotary Club, Mt Martha Netball Club Presentation, Mt Martha Ambulance, Mt Martha Kinder African Drumming Night (which sounded awesome), Memorial Service, Mornington Police, Mental Health First Aid Course (which many of our members attended).

We have also hosted weddings on the beach, 70th birthdays & members birthdays too.

As a club we are very proud & fortunate that we can share our fantastic facilities with the broader community

As club members you are entitled to use the club for your private function at discounted rates.

A big thank you to Mel Forster-Williams (Bar Manager) and staff for running the bar at all functions as well as on Friday nights during our nippers season. If you would like more information on club hire please contact me.

Julie Marshall

MMLSC Private Club Hire Coordinator

## Bar Report

It's been another successful season for the Bar Services: partnered with Friday Night Dinners it continues to be an integral part of the enjoyment of Friday Night Nippers. The nights we hosted live entertainment made for exceptional evenings and one we plan to repeat again next season.

The success of these nights are made by the support of members who help in the clearing and picking up of glasses, Doing a "rubbish bin run" etc but a special thank you goes to the bar staff: Corrina & Jim Alsop, Jon & Helen Myers and Brendan Randall. Jon kindly opens the bar post Masters training on a Wednesday night.

The Bar Services have also been required for a number of club social events and private member and non-member functions throughout the year including the Nipper Halloween Party, Cocktail Party, Thank You Presentation Night, Open Mic Nights, Weddings, Birthdays and community services based events such as Local Emergency Services Function and Mornington Police Presentation Night. As part of the Clubs community ethos we've trialled a couple of local boutique beers and these appear to have developed a following so we plan on incorporating them into our regular beverage list. If there are any further suggestions regarding trialling a particular variety of beverage please let me know.

Mel Forster-Williams

MMLSC Bar Coordinator

## Friday Night Dinners Report

The Friday night dinners had mixed success last season and whilst demand was high on most nights there were a few nights where sales were low. We tried to do more numbers than previous years and finding the right volume proved tricky when combined with factors such as weather and holidays. Overall there were some great nights so next year the trick will be getting the numbers matching the conditions. We managed to find a new salad provider, Houghton's in Mornington and they delivered some fantastic salads that were very well received. Thanks to everyone who helped out with the setup, serving and clean-up.

David Dean

MMLSC Friday Night Dinners Coordinator

## Social Report

At MMLSC, our members work hard throughout the season so it's great to see everyone getting together for the various social events we hold throughout the year, including:

Friday night dinners throughout the Nippers season. There's nowhere better in Mount Martha to share a delicious meal with family and friends while enjoying spectacular sunsets and music by The Avenue. The kids took to the beach after dinner playing cricket and other games, while some chose the option of watching a movie.

Open Mic Nights – Members and their friends were welcomed in order to share their musical talents and support that of our community. These were great nights out over the off season to ward off the winter blues. We kicked off the series of Open Mic nights with a huge crowd and over 15 different performers including some of our own Nippers.

Awards and “Thank You” Night – to thank all active volunteers for their time and effort during the season and to thank our sponsors, without whom we would not be able to maintain and purchase equipment, train and make our beach a safe place to have fun. Awards are presented to members, recognising outstanding achievements throughout the year.

Halloween Party Night—fun for the kids (and adults)!! There were many amazing costumes.

Christmas Party – Although we had some unfavourable weather for our last Christmas party, over 150 members celebrated with Christmas cheer and welcomed Santa to the Club.

Our Cocktail Party was a huge success with some members dressing to the nines! With cocktail in hand, they sang and danced to tunes by Shedhouse and took advantage of the balmy weather out on the deck. Thanks to Mel and Corrina for our special drinks and to Tom and Rose for the delicious food!

Keep an eye out on your emails, text messages and Facebook for social updates during the year ahead.

Jodie Goudge  
MMLSC Social Coordinator

## The Coastal Kitchen

Again in season 2018/19, as a club we were lucky to have The Coastal Kitchen back on board. Chelsea and her team of helpers including Tom, Liv, Sam, Rose, Lauren plus many others have kept our caffeine levels topped up and provided the most delicious and healthy breakfasts, brunches and lunches. It is now a favourite meeting spot for not only our weekend swimmers but for other local yoga groups, cycling groups plus general visitors to the beach. Word has spread about the great coffee, service and yummy, healthy food. Our patrol teams have never been so well fed—we look forward to seeing Chelsea and her team back in season 2019/20.

# Building Maintenance Report

The clubhouse has been well used this season and the building continues to fair well.

There are some miscellaneous items such as non stainless fixings and brackets which are corroding and need replacement. Also the timber finishes are weathering (as intended) and need some nourishing oil for appearance rather than protection.

During the season, we held three working bees. As these things go, the usual suspects attended all three sessions. Thank you.

We have replaced the drinking fountain on the beach side of the building with a unit which ought to work well and for longer than the old one. This unit is also able to refill water bottles. It is NOT however a foot wash, so please

either use the bucket or the outdoor shower area on the southern side of the building for that!!

This season has also seen a bit of electrical maintenance from light fittings, flood lights and additional power outlets. We are also in the process of installing the CCTV and keyless access control.

The lift and essential services have been maintained and the only person to get stuck in the lift this year was one of my children, so I was happy to leave him there!

The environment is harsh and sandy, salty and wet, and the constant vigilance of keeping things clean, tidy, dry and organized on a regular basis is the best way to stay on top of things. Well done. I'd like to thank all of those who have helped to look after the building.

Steve Hofer

MMLSC Building Maintenance Coordinator

## Beach Patrol 3934 Report

This year MMLSC joined the official Beach Patrol Australia which is an environmental conservation organisation. Beach Patrol is an alliance of volunteer groups that clean up their local beach on a monthly basis. One of the key aims of MMLSC and Beach Patrol is to strengthen our community links with people in the community who share the same interest in caring for their environment.

So far Beach Patrol 3934 has had 2 clean up days. We will continue to have the clean up days on the last Sunday of each month. At the first clean up we collected 27 kgs of rubbish and had 55 volunteers. At our last clean up day the weather was terrible. Although we only had 10 volunteers we still managed to collect 19.5 kgs of rubbish.

This program will continue to expand with Beach Patrol 3934 making links with BERG and Mornington Shire Council. Currently our Facebook page has 229 followers. The Beach Patrol co leaders are Cathy Mitchell from MMLSC and Amy Westnedge from the Mt Martha community. This program has great scope for expanding the club's involvement with local environmental conservation.

Cathy Mitchell  
MMLSC Beach Patrol Co-Ordinator

## Grants Officer Report

This year we have been fortunate to secure a number of grants. Mount Martha Life Saving Club is a wonderful community resource. It is terrific to be recognised for the services we provide and foster partnership with our funding agencies.

Grant funding was used for a variety of projects that support our members and the broader community. Some of the projects include:

*The Stronger Communities Grant - Fountains for Change* program saw the installation of a water fountain and education initiative. This program encourages people to consider the social, economic and environmental benefits of reducing waste on the beaches and micro-plastics entering our waterways. Placed outside the building, people can drink directly from the fountain or easily fill up a reusable water bottle, anytime and free of charge.

The Department of Social Services, *Volunteer Grant* enabled the purchase of much-needed computer equipment to assist in administration and the effective delivery of training programs.

Promoting health, safety and improved security, *the Emergency Services Volunteer Sustainability Grant*, and the *Safer Communities Infrastructure Grant* will see the installation of a comprehensive security system. This will include swipe entry cards and CCTV cameras to cover areas in and around the club building. An outdoor clock will be visible from the foreshore, and a webcam weather system will monitor changing conditions.

Seeing worthwhile projects come to fruition involves a team effort. Special thanks to Bec, Brendan and Steve for making great ideas happen. Do feel welcome to contact the grants team if you would like to get involved, or if you are looking for funds to support a fabulous project idea.

Tonia Krasnof  
MMLSC Grants Officer

## Membership Report

The 2018-19 season at Mount Martha Life Saving Club has seen a large increase in membership numbers. We currently have 1,087 members compared to 892 last season. The breakdown of memberships is as follows:

Category	Total Members	Male Members	Female Members	2017/18 Season	Retention Rate
Junior Activity Member (5-13 years)	361	179	182	303	119.14%
Cadet Member (13-15 years)	42	23	19	36	116.67%
Active (15-18 yrs)	35	11	24	31	112.90%
Active (18yrs and over)	112	65	47	121	92.56%
Award Member	4	1	3	7	57.14%
Associate	507	232	275	368	137.77%
Long Service	7	4	3	0	
Life Member	16	8	8	14	114.29%
Honorary	3	3		12	25.00%
	1087	526	561	892	121.86%

The membership base increased by just over 20% versus last year, driven by new Nippers and their parents. We also saw increases in new Senior and Iceberger (associate) members this year. The percentage of our membership that are eligible to patrol has dropped from 22% last season to 18% this season.

The membership team this year consisted of myself for new members, Leah Andrews for renewing members and Natasha Hartley-Jackson for active membership. We were also supported hugely by Bec Gibbs & David Mowat.

Again, no new members were accepted into our system without registering, paying and gaining the all important Working With Children Check. Our Open Days in September were a huge success and we will continue to offer additional support at other pre-season events in the coming season. I have created family groups for each member and will encourage members to create a portal before membership renewals are due to hopefully make the process run smoother.

Pam Mowat  
MMLSC Club Administrator

## Active Membership Report

Thank you to everyone who has fulfilled their active roles this season. It's great to see so many members keen to get involved and we really encourage and appreciate it. The active membership fee is significantly less than the social membership fee and, to ensure fairness, we expect everyone who accepts this reduction to contribute to the smooth running of the club. Therefore, next year we will be improving our attendance records and adding more active roles, such as highway collection, to ensure that everybody has a suitable position.

See you next season!

Natasha Hartley-Jackson  
MMLSC Active Membership Coordinator

# Sponsorship Report

Mount Martha Life Saving Club has been fortunate enough to receive support from the following sponsors:-

**Warlimont & Nutt** - \$5,500 (Nippers)

Warlimont & Nutt have generously committed to an additional 2 years of sponsoring the nippers program.

**Volpino** - \$3,300 (Masters)

**Croft Wootton Construction** - \$3,300 (Icebergers)

**Mornington Prime Cuts, Peninsula Foot Clinic, Degunt, Williams Kaye Hofer Architects** - \$2,200 (General)

With sponsorship support of \$20,900 and additional funds raised by the MMAD Swim of \$10,700.

A special thank you to Warlimont & Nutt for sponsoring Nippers for a 3 year period and providing new age group flags and tshirts for Nippers participants. Trent and Fergus could not have been more generous with their support over a number of years.

David and Simon from Volpino are new to the club and have been extremely generous with their hospitality at both their venues (Volpino & South Beach Project).

Croft Wootton Construction had a 10 year anniversary this year as a club sponsor. Thank you to Nick for his ongoing commitment and loyalty.

I would like to thank all our sponsors and encourage MMLSC members to support these businesses who have generously given to our club. I am looking forward to a successful season in 2019/20.

Tim Coady

MMLSC Sponsorship Coordinator
