2019/20 Sponsors

2019/20 Sponsors

Mount Martha Life Saving Club has been fortunate enough to receive support from the following sponsors:-

Warlimont & Nutt (Nippers) thank you to Trent and Fergus for their ongoing support of our Nippers Program. Our partnership with Warlimont & Nutt has continued for over 20 years.

Croft Wootton Construction (Icebergers) thank you to Nick and Vanessa Wootton for all your support and long term sponsorship of the icebergers, having us looking fabulous in our jumpers.

Volpino (Masters) thank you to David and Simon from Volpino they have been extremely generous with their hospitality at both their venues (Volpino & South Beach Project).

Peninsula Foot Clinic (Seniors) thank you to Andy Cook for taking on the Seniors sponsorship this season, great to have you on board and our seniors look fantastic in their new hoodys.

Degunt thank you to Luke Woods for his ongoing sponsorship, if you need any help with your bookkeeping Luke is an expert, he also does a fantastic job making sure our club finances are in tip top shape.

Williams Kaye Hofer Architects thank you to Steve Hofer for his continued support, we are blessed to have such amazing facilities to operate from, Steve being the designer of our beautiful clubrooms.

Mornington Prime Cuts thank you to Tim O'Connor from Prime Cuts for his continued support, many of us enjoyed your steaks and chicken schnitzel after Friday night nippers.

MMAD Swim Sponsors:-

Swim Australia

Engine Swim

Bayland Finance

Nicholas Lynch Real Estate

Bentons Road Vet Clinic

Ambr Designs

Mount Martha Life Saving Club received total sponsorship support of \$20,000 and additional funds raised by the MMAD Swim of \$6,000.

I would like to thank all our sponsors and encourage MMLSC members to support these businesses who have generously given to our club.

Bec Gibbs

MMLSC President

President Report

WOW what a memorable season we've had! We certainly faced our fair share of challenges with adverse weather impacting Nippers on a regular basis and then the outset COVID-19 bringing our season to a premature end. Aside from these issues that were ultimately beyond our control the majority of the past season was very successful and full of positive accomplishments. All areas of the club are flourishing and everyone who has played a part, whether it be large or small should be proud of what we have collectively achieved.

Personally it's an enviable position to know that you are coming into an organisation that's already functioning at a high level, and then playing even the smallest part in facilitating it into an even stronger position. To share this experience with others and know that you are not doing this alone is extremely satisfying. One of the quotes I reflect on most, and of which I think is very relevant to our Club is: **"Leadership, true leadership, is not the bastion of those who sit at the top. It is the responsibility of anyone who belongs to the organisation."**

Our Club has enjoyed an incredible season based on the efforts of many. I'd like to thank our hard-working and dedicated Directors, Brendan Randall (Vice President), Geoff Noble (Administration Director), Luke Woods (Treasurer), Jon Myers (Club Captain), Nick Wootton (Life Saving Operations), Angela Iliopoulos (Junior Director) and Gary March (Secretary). Collectively the Board have steered the Club into a healthy shape this year, focusing on volunteer reward and recognition, updating equipment, supporting current programs and developing new programs such as Over 18's training and IRB competitive racing. We as a club pride ourselves on being a community leader, an organisation that offers something for everyone – life saving education, water safety, cold water swimming, yoga, Pilates, board and ski training, competition and general fitness. So, a huge thank you to everyone who has helped run and support these vital programs.

MMLSC's general committee is a large group, a dedicated and passionate group, a group that really goes above and beyond what is expected of them week after week. To our Committee, thank you for all your hard work over the season, your time and effort has been greatly appreciated. Our Office Administrator - Pam Mowat, thank you, we are blessed to have you steering things from the engine room. The combined efforts of you all makes an enormous positive impact to the wider community, so you should all be really proud of the contribution you make.

Thank you also to our amazing sponsors, it is because of you that we can provide essential lifesaving services to both our members and the community. The generous contributions you all make assist us in maintaining our exemplary education programmes, and to run some of the biggest Nippers, Seniors and Masters training programmes in the State.

The Corner Counter provided us with yummy food and drinks throughout the season, thanks to Cinzia and Peta for their fantastic service and beautiful smiles. The café is a great addition to the club and adds another layer of fabric to the strong social network that oscillates around the club.

Our Education team lead by Craig Dullard have trained a record number of members in new awards and skills maintenance sessions, along with our new SRC and Bronze members. This fantastic result has enabled us to provide even more strength to our core service of patrol. I urge our new award holders to utilise their skills as well as gaining additional awards next season; First Aid, IRB Crew/Driver and ART. Lifesaving is a movement that encourages lifelong learning and one that can be enjoyed for many decades so make good use of the life skills it has to offer.

Once again, we have delivered outstanding lifesaving services including our commitment to provide patrols outside of our designated times during extreme heat. Monday 30th December proved to be a vital additional patrol with over 5,000 people on the beach with 6 rescues performed, one of the busiest days in our club's history. Through all of this we have delivered over 4,300 patrol and water safety hours, thank you to all our dedicated patrolling members who helped provide this essential service for our community. Our two patrol inspections this season achieved a fantastic result of 100%, well done to our Patrol Captains Hannah Mowat, John Harvey and their team members.

We continued to support Life Saving Victoria's RWC (jet ski) program which was based from MMLSC, one of only 6 clubs enlisted to provide this service, and in turn facilitate on water support covering an area from Mornington to Rye.

Our Nippers continue to grow in numbers but unfortunately Friday nights were not the best weather this season. With adversity comes change so we have been working hard behind the scenes to take poor weather out of the equation as much as possible. Next season we will be implementing a number of changes, for which I'm really excited. One of the major changes will be offering Sunday afternoon as a backup if Friday night nippers is cancelled, this will definitely help when the weather isn't on our side. We will also continue to grow our competition team with the focus for 2020/21 about building teams – board, sprints, swim, aqua cameron teams for all age groups.

Our Youth/Seniors kicked off the season with a huge camp at Anglesea with over 40 kids attending. This is a great way for new seniors to meet and develop their skills in the surf. We are blessed to have this group led by our super coach Troy Cochrane and supported by Grant Gibbs and Caroline McGill. Attendance at carnivals increased again this season with 15 registered competitors for States, unfortunately we did not make it to States this year due to COVID-19. We hope to build on our competition team with the same goal as nippers, we will be focusing on building teams for next season.

Jon Myers held his first season of coordinating an 18+ training session, this group focuses on a relaxed social training session, general fitness and enjoying dinner afterwards. This is a fantastic new initiative and great attendance for their first season.

Masters has again excelled in competition and training this season, with increased attendance on a Wednesday night and 28 members competing at the State Championships in Lorne. Despite the tough water conditions and the cancellation of water events halfway through the day we managed to win the Championships for 2020. Well done to all competitors and a huge thank you to Sarah Hilli our Masters Coordinator for keeping us fit with a variety of coaches and entertained with numerous social gatherings.

Our 2019 Iceberger season was again very busy, with cold water swimming becoming increasingly popular. Well done to all new icebergers, kudos to Poppy Cook and Ruby Lines-Perrier, two of our youth members who did a fantastic job getting through what was a very icy winter. This season will be a challenge as it looks like our hot showers and steam rooms will not be available. A big thank you to all our icebergers for providing a welcoming, friendly environment for all newcomers.

In September I was fortunate to be selected by SLSA to attend their National Leadership Masterclass in Adelaide alongside 15 other passionate leaders from Clubs across Australia. The course was focused on Strategic Planning, it was an amazing experience and I look forward to implementing these concepts at MMLSC.

I would like to thank a few more people that contribute to the success of our organisation – Andrew Felsing and his MMAD swim team, Leah Andrews for her fantastic work with the schools program, our awesome Starfish Nippers Team, Keith Hunter our own personal handyman an absolute superstar, Simon Tate for all the behind the scenes work in setting up our IT systems and Kaya Cook and Peter Johnstone for officiating at both junior and senior carnivals.

We also hope to hold a preseason function in Oct-Nov to celebrate and present awards to our 2019/20 season recipients. Stay tuned for more details.

As this concludes my second year as President, I'd like to thank everyone for their exceptional support, especially the Executive and General Committee. Finally, thank you to our 1,100 Club members who made this season one to remember. I look forward to working with you all again next season to deliver fantastic services to our community and having fun while we do it. We are a strong Club, we are a passionate Club, but more importantly we are a united Club.

The Secretary
Mt Martha Lifesaving Club
PO Box 462
MORNINGTON VIC 3931

Dear Committee Members

Re: Mt Martha Lifesaving Club Incorporated

I have carried out a comprehensive audit of your accounts. I am satisfied that the attached Financial Statements which have been prepared from these records reflect a true and fair view of the financial position as at 31st March 2020.

The audit indicated that you are maintaining the accounts in a manner that complies with the Associations Incorporation Regulations 1998.

I have also attached our invoice for the service rendered.

Thank you on behalf of Skeats Auditing Pty Ltd for the opportunity to supply the audit.

If I can be of any further service, please don't hesitate to contact me.

Yours Sincerely

Ms Jeannette Skeats

Independent Audit Report

To the members of:

Mt Martha Lifesaving Club

SCOPE OF AUDIT

I have audited the special purpose financial report of the Mt Martha Lifesaving Club for the financial year ended 31st March 2020.

The Management Committee is responsible for the preparation and presentation of the financial report and the information it contains and has determined that the accounting policies used and described in Note 1 to the financial statements which form part of the financial reports are appropriate to meet the requirements of the Associations Incorporation Reform Act 2012 and are appropriate to meet the needs of the members.

I have also conducted an independent audit of the financial report in order to express an opinion to the members of the association on their preparation and presentation. No opinion is expressed as to whether the accounting policies used, and described in Note 1, is appropriate to the needs of the members.

The financial report has been prepared for distribution to members and to satisfy the reporting requirements of the *Associations Incorporation Reform Act 2012*. I disclaim any assumption of responsibility for reliance on this audit report or the financial report to which it relates to any person other than the members, or for any purpose other than that for which it was prepared.

AUDIT OPINION - UNQUALIFIED

In my opinion the financial report presents fairly the financial position of the Mt Martha Lifesaving Club and the results of its operations at 31st March 2020 in accordance with Australian Accounting Standards.

Administration Director Report

During the 2019/2020 year, in the role of Admin Director, I have been fortunate to see the Executive and Committee workings of the club as well as the broad range of activities aimed at creating fitness, water safety and social interaction. MMLSC is a very impressive club and has a long list of achievements to be proud of.

The structure of the club with its board and a number of committee leaders works very well under the excellent leadership of our President Bec Gibbs. I would like to thank Bec and the other directors for their positive contributions and decision making for the benefit of the club and all members.

With the coronavirus impacting on all of us in the latter part of the year, the board had to deliberate over many difficult issues in the interests of the health and safety of members. This was a time when clear and timely communications were made to all leaders and members of the club with regard to restrictions on operations and events.

One of the main reasons why the club's administration functions so well is due to the untiring and efficient work by Pam Mowat, our Club Administrator. Thank you Pam for the great job you have done on membership and in dealing with a wide range of often complex issues and people in such a calm and helpful manner. You are the important front desk of the club being the primary contact point to many people. Thanks again Pam. Thanks also to Sue Flanagan for covering my role at meetings while I was overseas. And thanks to Lynne Tickell who was also away but able to compile the club Handbook for the year.

Other developments during the year have included the IT restructure with the great work done by Simon Tate to build a much more efficient system. The club also updated the By-laws and Constitution with valuable guidance from Gary March, Club Secretary and Public Officer.

Geoff Noble

MMLSC Administration Director

Club Administrator Report

This season has been another enjoyable one at MMLSC. The early closure of the clubhouse has seen me working from home since mid-March. I'm lucky that I can continue to do my role easily via my laptop and have moved folders to my study. With LSV cancelling patrols early and the Shire instructing us to close, the end of season came very quickly. Although I work very much on my own at the club I thought I would reflect on the various people who pop in to the club when I am there. Keith who always seems to be pottering about making or fixing something downstairs, Troy whose music I hear as he is mopping, sweeping & cleaning, Leah & the lifeguards over terms 4 & 1, the patrol teams on a Saturday from November to April, catch ups with Bec on a Saturday morning, coffee from Cinzia & Peta, Mel who pops in on a Thursday to stock the bar, Izzy who pops in to count, rearrange and organise our Merch shop, Troy, Scott & Ben coming down for a paddle before I leave on Tuesdays, the LSV lifeguards over summer, Ange & Tash who pop in to use the gym and Geoff who pops in to catch up with me on a Thursday. I would like to say a huge thanks to Simon Tate for all his work moving us over to Google Drive from Dropbox. The cameras are also a huge asset to the club and make working there so much safer. The new website is awesome and I love the addition of the webcam on our website. Our new swipe entry system is also working well and the addition of waterproof wristbands has proved popular. A special thanks to Bec for always being there to answer questions/direct queries to. Looking forward to returning to work at the clubhouse in the near future.

Pam Mowat

Vice President Report

AGAIN, what a ride we have had this year.....? Going from the sub-lime to the absolute ridiculous, with all this Corona Virus business. I am VERY glad to still be able to sit here and type up a report for the AGM and thankful that I haven't been directly affected by all the horribleness that has been going on around the World, Australia and particularly the Mornington Peninsula, our very beautiful patch of magnificence we have, down here.

Once again, I would firstly like to send out a personal thank you to Andrew Felsing for all his efforts with the MMAD Swim this year. Thank goodness it was well before all this COVID-19 mess started. Again, a huge success, as would be expected from him and his amazing team of organisers. Probably not many know, but MMAD Swim planning starts nearly 6-8 months prior to the event, with regular monthly meetings, planning, organising and the like to ensure our Club not only benefits from the dollars that come in the door, but also, the publicity we get from both the public and the Sponsors and the benefits that are forwarded onto them. Huge amounts of thanks to all our sponsors once again, who's valued partnership makes this event one of the "Premium" Swim race events on the season calendar.

Steve Hofer and Keith Hunter AGAIN have both done a fabulous job this year around the Club. Obviously, nothing (especially around a Surf Club) can stay pristine for very long. Luckily, the boys are always there to ensure that equipment items, boards, skis, shelving, lights, drainage, windows, vents and anything else that needs particular attention, they are always there, for the benefit of all Club Members. So, thank you to those boys.....

Tim Coady again this year has been working with Bec directly more than I, and it is for that reason that Bec would be able to give you a greater understanding of their working relationship and the results thereabout. I can say that we have been putting a great deal of time into our sponsors this year and it was decided that the Executive would play a much greater role with one Board Member allocated to a particular major sponsor. We felt that this is a more advantageous and mutually benefitting arrangement, for both us as a Club and them, to ensure that they are getting maximum value for their generous sponsorship. Through the year you will undoubtedly see more and more advertisements on social media, Team App and the website regarding each of the businesses. I would urge everyone (especially now and in the coming months) to support our local sponsors where possible.

The thankless job of Grants Coordinator again worked perfectly this year. Tonia Krasnoff has tirelessly been working (in the background) for the benefit of all Club Members, young and old, Senior and Junior, with many successful grant opportunities achieved. Never a 100% success rate with these things, she has again done a marvellous job and I would again urge EVERYBODY to stop and thank her, if you are passing in the Clubrooms or elsewhere.

I am sure that pretty well everybody has had some kind of exposure and experience with the Club Website. I think that it has been a revelation with its introduction last year and seems to have gone from strength to strength with the all knowing, all powerful skills of Simon Tate. Especially with the introduction of the WebCam and Weather reports, it has been a "God Send" with the Club being able to offer members these added features. Dave Mooney is still making his way around the running of the updated Club information, etc and I am sure that you will be hearing more about his work with the Website in months to come.

The formation of Beach Patrol (via Cathy Mitchell) a season or two ago has more than proven itself as being a necessary service that our Club can assist in offering the broader community. As with everything else in the World now, the girls have had to cancel all clean up days due to COVID-19 and distancing regulations. It's a shame, but I know that they will be back on top of things as soon as regulations are lifted. Luckily, I think due to the much smaller numbers on the beaches at the moment and lack of fishing boats, the beaches do seem fairly clean, but they will need a good seeing to once we hit the other side of COVID-19. Thanks heaps Cathy and your commitments must be acknowledged.

Finally, OUR Iceberger's have been going from strength to strength. We seem to have this year a stronger, more energetic bunch of misfits swimming most mornings. We are mainly focused on camaraderie and the benefits of a healthy lifestyle, with a few gin and tonics thrown in there along the way. Meeting regularly at 7:30am each morning (8:00am Saturdays and Sundays/Public Holidays), we are not letting the conditions (or temperature) get in our way. Every Club Member is more than welcome to join our group and experience what Iceberging has to offer. Thank you to Kaye Jarrott for heading up this "rag-tag" bunch each day, month, year. Kaye does an incredible job being the "Grand-Poobar" of the group, so any questions and/or queries can certainly be pushed her way.

Thank you so much to everyone who has supported me and my family this year. It has been humbling what you have all offered and extended to me and mine and will always be a part of my life I will never be able to repay. I have thoroughly loved my role this year, and should membership see fit, I would be happy to keep going as Veep as long as you need me. Finally, a massive thank you and congratulations to Bec Gibbs. I think we all agree that she has made an incredible, indelible mark on this Club with a legacy she can certainly be extremely proud of. Her leadership (especially through the current situation going on) has been amazing. Some huge decisions had to be made, especially with the complete closure of the Clubhouse. She did liaise massively with the Exec Board and others, and hard decisions had to be made.... I am so proud of her for standing by her decisions and fully support her work going forward.

As everybody is, I am soooooo looking forward to the day when we can all get back to normality. We can all shake hands, give cuddles, have a coffee around a real table and fully enjoy what we have all become so use to, fond of and expect.....To those days, I say, you can't come quick enough, but only come if you mean to stay.....

Cheers,

Brendan Randall
MMLSC Vice President

Life Saving Operations Report

I would like to take this opportunity to thank the whole of our operations team for their work during what has proved to be a very difficult season. Without you all my job would be exceedingly difficult.

Here's to looking forward to a fresh new season and life slowly getting back to normal.

Nick Wootton

MMLSC Life Saving Operations Manager

Patrol Captain Report

Unlike most seasons where the end of Easter sees the cold weather roll in and we close our patrol doors for the year, the 19/20 patrol season was cut short due to the COVID-19 Pandemic. As Patrol Captain of the club it is with absolute delight that I extend a very big thank you to every single patrolling member for volunteering your time towards our community over the summer and for your flexibility and willingness to adapt through uncertain times.

Mount Martha LSC is a very unique club not only because of our spectacular diligence to turn up and patrol consistently, but because of everyone's approach towards upskilling others and teaching those willing new skills. There is a genuine interest which buzzes throughout the club, whereby so many of our members obviously have a passion for developing others around them, it is one of my most favourite aspects of our club and this year was no exception! Thank you to the return patrollers for your continued service to the club.

Together with this, it's with tremendous pride that I also take the opportunity to highlight the fact that after some goal setting and planning between the patrol captains in pre-season, we managed to get two perfect scores on both of our random patrol audits conducted by LSV! Congratulations to both Team 8 and Team 4. What a terrific effort, I would also like to emphasise how spectacular it is to see young leaders in our club like Hannah Mowat (patrol captain of team 4) steering the ship towards victory in her maiden year as patrol captain!

We have had plenty of changes with a number of new award holders added to the ranks, this season we welcomed 15 new SRCs and 23 new bronze medallion holders, an additional 7 award holders/upgrades from last season! It has been a tremendous season of growth for our teams seeing our total patrollers rise to **193** people and I look forward to seeing more new faces around in the years to come.

In terms of operations, we alongside most clubs in Victoria moved our reporting and incident logging on patrol to a completely online platform called LIMSOC. I would like to extend a gigantic thank you to all of our patrol captains in their persistence with a new system and willingness to be patient and adaptable. These changes to patrol further advances and integrates our daily duties with the rest of the State which means that we can more accurately communicate what resources we have available to help Life Saving Victoria and subsequently streamlines our internal reporting process of incidents and first aids, be them major or minor!

A special mention to a couple of extraordinary patrolling members who managed to do the most hours within our club despite the short season and amass over 100 hours! They are Zac Lupton 128.42 and Simon Perry 113.25, congratulations on a tremendous effort, what great role models!

Finally, I would like to formally thank all of the patrol operations team and all of the Patrol Captains and Vice Captains for their continued support, your organisation and commitment to delivering the best possible service each and every weekend is greatly pivotal to the club's success and greatly appreciated.

Lachie Lloyd

MMLSC Patrol Captain

Chief Instructor Report

A very busy season in the training and assessment department, 2 Bronze and SRC courses, IRB Driver and Crew courses held as well as the trial of conducting skills maintenance in patrol teams. Well done to all who completed new awards and participated in skills maintenance.

We were fortunate to have LSV run several First Aid and ART course at our club which our members made the most of.

Thank you to the following Trainers and Assessors: Craig Dullard, Simon Perry, Vanessa Wootton, Nick Wootton, John Harvey, Tara Jackson, David Mowat, Dylan Craig, Peter Langdon, David Stogdale and Mark Cornish. Thank you also to Jenny Donaldson for her help with administration.

Bec Gibbs for and on behalf of **Craig Dullard—Chief Instructor**

First Aid Officer Report

Another successful year for our club in regards to first aid response and members up skilling their qualifications. We will continue to push for a high volume of qualified and experienced first aiders for all patrol teams to make our club competent and confident when we are faced with challenging cases. As always if you have any requests for additions to the first aid room or would like to learn more about first aid within our club, feel free to contact me anytime.

Tara Jackson
MMLSC First Aid Officer

IRB Captain Report

Three boats. Four motors. Check. Service. Prepare them all. Gear Inspection pass. One new Thundercat and motor on order as well as a new IRB competition trailer all thanks to the VESEP Grant.

Winter competition comes. New frontier. Cold. Fun.

Craig Dullard
MMLSC IRB Captain

Radio Captain Report

This past season was the second year we have had use of the digital radio network. With all patrolling members more familiar with how the radios operate after last season we had little issues regarding user errors.

Additionally the introduction of the gps tracking function was released which enables LSV to monitor where our radios/personnel are located at all times. This has been invaluable to the RWC service. The radio signal was still an issue at times on the beach and around the clubhouse. We have been working with LSV to fix these issues and eliminate all blackspots.

The digital radios are impressive pieces of equipment and an essential tool for our lifesaving duties.

Rhys Cole
MMLSC Radio Captain

ATV Captain Report

During this season the ATV has performed well and is being used more due to the RWC lifeguard service being based at the club. We have received a re-call from Kawasaki and this will be taken care of when the ATV is serviced in April or May.

The requirements to be able to drive an ATV have changed and the ATV Induction Certificate is no longer available so new ATV drivers have to complete the ATV Operators Course. Members are not allowed to drive the ATV unless they have previously completed the ATV Induction, ATV Operator or attend a new ATV Operator Course. We ran our first ATV Operators Course this season for the first time in many years. On this course we were able to include three trainers so we can plan to offer more courses in future.

Please remember when using the ATV to complete pre-operation check including that the charger for the battery is unplugged. Remember to release the handbrake every time and correct usage of the diff lock. Correct usage of the ATV will prolong its working life.

David Mowat
MMLSC ATV Captain

RWC Captain Report

This season has been the first full season where we have had LSV providing the RWC's and getting qualified operators from all over the state to patrol on them during the 'peak' season. This has allowed us as a club to sell our existing club owned skis and also not have to pay for the purchase or running costs of the new RWC's, whilst still maintaining an important service to the community. Our Mount Martha operators are still to provide coverage during the 'off peak' times at each end of the season, however this has obviously been interrupted by the current COVID-19 situation.

Aaron Mynard
MMLSC RWC Captain

Junior Activities Report

A challenging year weather wise that was brought to a sudden end as a result of COVID-19. It was a fantastic year, with many smiling faces on a Friday night that is really only made possible with the amazing efforts of the Junior Sub Committee and all our amazing helpers on Friday night.

JUNIOR SUB-COMMITTEE

Ange Iliopoulos	Junior Director
Peter Johnstone	Junior Competition Manager
Kirsty Hardt	Junior Carnival Registrar
Dawn Jenkins	Coordinator U6-U8
Jo Fabian	Coordinator U9-U13
Steve Hofer	Water Safety Coordinator
Matt Barke	Coaching Coordinator
Kaya Cook	Carnival Coordinator
Vacant	Surf Education Coordinator
Tanya and Leigh Brown	Beach Set Up Coordinator
Sarah Hilli & Julie Marshall	Starfish Nippers
Troy Cochrane	U13 Coordinator

Once again, the Age Managers are integral to the running of Friday night nippers' sessions and a sincere thank you to all the parents who helped out over the season - without you the program would not run. There was great involvement this year with many age groups having extra assistants. The kids love having their parents involved and as a helper watching the nippers' skills and confidence improve over the course of the season is a great reward for your time and efforts. Thank you to Bec Gibbs and Andrew Felsingner who ran a fantastic Age Managers course and continued to give them support throughout the season.

AGE MANAGERS 2019/20

AGE GROUP	NAME		
U6 girls	Adam Rasmussen	Simon Frankish	
U6 boys	Simon Gennari		
U7 girls	Joel Hood	Kate Lambert	
U7 boys	Michael Paxino	Louise Paxino	
U8 girls	Brad Watson	Ben Gardner	
U8 boys	Richard Young	Bronwyn Rogers	
U9 girls	Heath Mathias	Pamela Moorhouse	Malene Sorensen
U9 boys	Leah Andrews		
U10 girls	Nick Papas	Bridget Hancock	Rebecca Craig
U10 boys	Tanya Brown	Susie Wheelahan	
U11 girls	Stephen Howarth	Kirsty Hardt	
U11 Boys	Graeme Still		
U12 girls	Barrie Hartley-Jackson		
U12 boys	Graeme Lear	Daryl McCormack	
U13 girls	Tammie Coady		
U13 boys	Mick Blair		

Junior Activities Report

Coaches

Thanks to Matt Barke for managing the coaches again this year, and a thank you to all the fantastic coaches who volunteer their time every week to ensure the nippers have meaningful direction and learning.

Poppy Cook	Max Lee	Ed Johnstone	Lucy Mowat	Pete Johnstone
Zoe Brown	Toby Hofer	Tanya Brown	Asgar Hardt	Leigh Brown
Steve Wishart	Max Hilli	Lilly Hughes	Mik Wharton	

Starfish Nippers

Sarah Hilli and Julie Marshall once again did a fantastic job running the Starfish Nippers program with an even larger group of helpers than last year. This year saw the biggest number of participants in the Starfish program. It's always rewarding to see the smiles on the children faces

This year saw Starfish acquire some new equipment which was the envy of everyone on the beach. The inflatable mat was a hit with both the starfish nippers and everyone else. It was a shame that the weather wasn't always conducive to setting it up in the water. Hopefully, we will see more of the mat this coming season.

Nipper Camp

We had another successful nipper camp at Anglesea. It was a combined camp with the Seniors which saw nearly 80 kids attend the camp. Along with the parents, coaches and water safety it was once again a great bonding weekend and an opportunity to catch up before the start of the official season. Anglesea has been a favourite of our Club for some years now. With the current uncertainty of COVID -19, we certainly hope to have the ability to go away with the nippers and seniors this coming season.

Specialist Training

A big thank you to Troy Cochrane for once again giving the nippers invaluable specialist board training on Tuesday nights. The kids always leave these sessions exhausted and with a smile on their faces. The benefit these sessions is obvious when the kids can see their fitness and skills improving. We hope to continue building on this in the 20/21 season and get some surf sessions in when conditions permit. The surf sessions will continue to be open to the U9-U13s who has completed their competition assessment swim.

Thank you to Peter Johnstone also who conducted specialist competition training on Thursday afternoons, Ron Johnstone for once again volunteering his time to assist in coaching our Nippers in March Past training and Lucy Mowat for all her help with Belt and Reel and March Past training.

Prelim and Comp Swims

Thank you to Peter Johnstone, Kaya Cook and Bec Gibbs who assessed our nippers in their prelim and competition swims.

Junior Activities Report

Intensive Summer Program

Our Intensive Summer Program that has been running for some years now was unable to go ahead this season due to COVID-19 Government and LSV restrictions. We certainly hope that this coming season opens up opportunities for the Club to develop some programs over the 20/21 summer holidays.

Angela Iliopoulos

MMLSC Junior Director

Mount Martha LSC Nippers proudly sponsored by

Junior Competition Report

LSV made many changes to the carnival program this year with mixed results.

Six carnivals, four surf and two bay events were scheduled and the Victorian Junior Lifesaving Championships returned to Warrnambool over the March long weekend.

Ocean Grove SLSC held the first carnival of the year with the surf conditions becoming increasingly challenging as the tide receded.

MMLSC decided not to attend the Altona carnival as various events were held over two days.

Cosy Corner was again held on the first week of the New Year and many competitors and their families were able to have an enjoyable holiday while competing.

Mordialloc LSC ran the best coordinated event of the season.

For the first time in ten years a junior event was held at Jan Juc SLSC which needed to be modified for water safety reasons.

MMLSC had 50 competitors attend the Pt Leo SLSC carnival with some great results and a new fully laden competition trailer.

The Junior State Championships were extended to three days with an increase in numbers and events. MMLSC had some excellent results especially in the U12 and U13 areas with Cian Andrews and Kasper Hardt awarded silver medals for their efforts.

Special mentions and thanks must go to: Kaya Cook who has completed training to become one of LSV's top officials. Kirsty Hardt for the hours and hours spent arranging teams and correctly entering competitors into events. To all those that undertook water safety roles in some the most challenging conditions seen at carnivals. Coaches Troy Cochrane, Lucy Mowat, Ron Johnstone and all the others that helped impart knowledge and hone the talents of the team. Officials, age managers and parents for the hours spent on the beaches re-applying sunscreen, board handling and keeping the team safe.

Lastly well done to all those that competed and represented MMLSC in 2019/20.

Peter Johnstone

MMLSC Junior Competition Manager

Starfish Nippers Report

Starfish Nippers is an amazing program that caters for children and young adults who have special needs. This is the fourth year that MMLSC has run the Starfish Nippers program. This year we saw a massive jump in numbers to the point that we had to cap the number of participants.

Our Starfish Nippers Flynn, Julia, Ally, Tristan and Oran returned again, and joined new members Holly, Cooper, Jordan, Bianca, Isabella, Joe, Alison and Stirling. One of our original Starfish Nippers, Ryan moved to the Under 10s group which was amazing!

Our amazing helpers Lisa Davies, Tayla Davies, Christine Sordello, Deb Barke, Warwick Hilli and Maria Harvey all returned. Our team was joined by Beth Graves, Chloe McGill & Gina Sartore.

Unfortunately the weather was not our friend this year which made our season very inconsistent. With so many sessions cancelled it was hard to create the bonds and skills growth that we have seen in previous years. With the grant funding we received, we were able to purchase 3 more boards to suit our older Nippers and a massive Aquamat! We only had the mat out once this season but it was heaps of fun. Patrol groups also enjoyed using the mat as a slip and slide. The end of the season ended abruptly due to COVID-19 so we have been unable to have our end of year celebrations, which was disappointing.

We attended the second Starfish Nipper carnival at Hampton Life Saving Club, however bringing the date forward to the school holidays meant many of our Nippers could not attend.

As always, we appreciate Team 8 for helping us with extra water safety, equipment, IRB demonstrations and for being great sports when we smashed them in Tug of War!

The Starfish Nipper parents are wonderfully supportive, we are grateful for the effort they make getting their Nipper to the beach and for letting us having such a fun time with their child/ren.

We look forward to continuing our program next season and hope that all our Nippers return, surely the weather will be better in the 2020/2021 season!

If you are interested in learning more about our group, or becoming a helper, please email starfishnippers@mmlsc.com.au

Follow Starfish Nippers Australia on Facebook: www.facebook.com/StarfishNippers

Sarah Hilli and Julie Marshall
MMLSC Starfish Nippers Coordinators

Seniors Report

2019/20 Seniors season started with a bang with great numbers on Thursday nights, surf camp at Anglesea was well attended with Seniors enjoying their night out at Lorne but unfortunately experienced a COVID-19 induced fizzle in March 2020 with cancellation of LSV State Championships and Seniors vs Masters annual event.

We welcomed a number of new seniors and increasing numbers of U14s after completion of their SRCs with 20-30 seniors regularly attending Thursday training sessions and 10-15 more competitive/keener seniors regularly attending Tuesday board training led by our experienced coaching team of Troy with Grant and Caroline assisting.

The Seniors displayed great enthusiasm and respect to coaches and Seniors continue to provide a pivotal role during weekend patrols with many volunteering their time to provide coaching or water safety roles on Friday night nippers.

MMLSC Seniors aimed to provide opportunities to maintain lifesaving fitness and social opportunities for teenagers with Seniors attending surf camp at Anglesea, welcome night with family members, monthly Thursday night BBQ, Xmas function with indoor rock climbing and fish & chips & outdoor cinema at The Briars.

A number of additional training opportunities were provided to seniors this year with board training, circuit training in addition to Thursday Seniors. Surf sessions were run for seniors with surf awareness (where able) with a magic day at Gunnamatta and an exhilarating day at Sorrento back beach. Summer training sessions for Iron and Ocean Swimming were introduced this year with increasing numbers attending.

Many LSV competitions were cancelled during a season of extreme weather conditions. Increasing numbers of MMLSC Seniors attended competitions with many winning pennants. MMLSC Seniors Competition Team acknowledge support of officials: Jackie Jackson (we love you Jackie – no kids competing but you still help us out!), Kaya Cook, Peter Johnstone and water safety volunteers: Steve Wishart & Andy Cook and IRB driver/crew. Thanks to Marg Foley for her support of beach competitors.

Many thanks to Vice Club Captains Liv Randall and Joey Walker and Senior Committee members Bec Gibbs, Grant Gibbs, Jon Myers, Caroline McGill. Huge thanks to Troy Cochrane for his support of MMLSC Seniors with training in surf sports during the 2019/20 season and we hope that MMLSC surf/ski/board race might be able to run next season. Well done to Seniors for a great season in 2019/20 and looking forward to next years season.

Mount Martha LSC Seniors proudly sponsored by

Club Captain Report

As a community organization our success can be largely measured by the level of participation in club events, this includes the many and varied activities outside of Patrols and Lifesaving training. The club is now utilised seven days a week by people of all ages from five years up. It is through the hard work of those that coordinate and provide coaching and maintenance that we can provide such well attended programs.

Keith, as always, has done an amazing job. I am constantly impressed by the condition of the craft and the great use of every available space. We are very lucky to have such a high standard of equipment that can be used by so many.

The Seniors group, led by Deanne, Troy, Grant and Caroline, has continued to grow. It is great to watch such a fine group of teenagers participating in such a healthy and social activity and always having a great time along the way. Unfortunately, competition opportunities were limited due to COVID-19, but a highlight was the Mordialloc Carnival where we had 16 competitors in events.

The Masters group, led by Sarah Hilli, saw an interesting program on Wednesday nights led by a variety of great coaches. This culminated in Mount Martha again winning the 2020 State Masters Championships at Lorne. Unfortunately, we were unable to hold the Masters vs Seniors, as the Masters were a sure thing to win!

This season we established a new group on Monday nights, the Seniors 18+, aimed at providing a training and social opportunity for this age group that has been largely overlooked in the past. While numbers have been varied, I am confident that this group will grow in coming years.

Though I will be stepping down as Club Captain at the AGM, after a very enjoyable four year stint, I look forward to remaining involved with various club groups and particularly driving the 18+ group next season. I have been lucky to work with such a dynamic executive, led by such an amazing and hardworking President.

Jon Myers

MMLSC Club Captain

Seniors 18+

Master's Report

Our Masters group had a great year this year, despite weather not being the best. We met new members and had some great new coaches.

Many thanks to Scott Fifield, Jon Myers, Darren Hood, Troy Cochrane, Dave Mooney, Caroline McGill, Dave Henke, Mark Renouf, Matt Barke and Grant Gibbs for their amazing coaching sessions.

Unfortunately the season ended abruptly due to COVID-19 so we were unable to hold our Triathlon and Masters v Seniors events this year. We also tried numerous times to get Mark Renouf's Dragon SUPs to a session but bad weather always ruined the plans!

The Mount Martha LSC Masters were again very successful at the Masters State Championships in Lorne. Wild weather saw many events cancelled, but our team was very strong in the events that were held, and we came away with the Championship win for the second year in a row! The weekend is such a fantastic display of friendship, sportsmanship and comradery. Next year we will be looking for group accommodation which will make the weekend even better!

Many thanks to all our members who attended Masters sessions this year. We met heaps of new members this year, and hope that they continue to join the group next season.

All club members over 30 years old are welcome to attend Masters sessions. You do not need to be experienced, just come along with a willingness to get fit, have fun and get wet!

Look forward to seeing you on the beach next season.

Sarah Hilli
MMLSC Masters Coordinator

Vice Club Captain's Report

This season we implemented a new training session dedicated to increasing the participation and engagement of open members aged 18-29 years. This was a success and we aim to recruit many more current and past seniors within this age bracket in the coming year. A big thank you to Jon Myers for giving up his time on a Monday night to help run these sessions and organising a dinner afterwards.

The Seniors' program was also a great success thanks to Grant Gibbs, Troy Cochrane, Deanne Johnstone and Caroline McGill. Kicking off the season with another camp at Anglesea proved to strengthen existing and new friendships and enhance surf awareness and skills. Several of our amazing members competed at various State competitions including the Mornington Endurance Championships, Fairhaven State trials, Altona and Ocean Grove carnivals. Well done to everyone who competed!

During the off season, more and more members are starting to maintain/improve their fitness and skill levels with Troy's gruelling Monday morning sessions, along with ski and board training for those keen to brave the cold and sometimes challenging conditions.

This season we witnessed another increase in senior's participation along with an influx of qualified Bronze Medallion holders. This has led to greater involvement in patrols which is lovely to see. This was especially noticed at the MMAD swim, with a myriad of young members electing themselves for water safety roles. A huge thankyou and congratulations to David Mowat, Nick and Vanessa Wootton and John Harvey for assessing and assuring these new patrol members become confident, qualified lifesavers.

IRB racing has taken flight with a small collection of members training regularly. The possibility of a competition racing team is looking hopeful in the coming seasons. Thank you to Craig Dullard and Wolfy Frantz for organising training sessions and new equipment for the team to use. Craig also organised a group training session led by Mark Pratt from Brighton LSC, who is a carnival referee for IRB racing. His knowledge was beneficial and will be taken on board for the future.

We did not get to compete in the annual end of season Masters versus Seniors Competition due to the unfortunate circumstances of COVID-19. however, next year we aim to be back and readier than ever to defend our title.

Olivia Randall and Joseph Walker
MMLSC Vice Club Captains

High Heel Swim

We've seen many firsts this year and the MMLSC Unisex High Heel swim was just another addition to the list. In the past the high heel swim has been an all female event. I cannot share the delight I had this year in opening the event up to our male members.

The photos below will make you cry either with laughter or pain that some of the male participants endured in this event. Personally I had two highlights. First was Troy Cochrane's painful choice of a pair of Tony Bianco cross strap stilettos. This was followed by a close second with Grant Gibbs and Jim Alsop's sprint/wade start through the sandbank!

I feel we are very fortunate at our club to be able to float some crazy ideas and then be able to get them off the ground. The High Heel swim was embraced by many and had over 30 swimmers participate on the day and cheered on by many spectators.

A big thank you to all of you who participated, thanks to our local member Greg Hunt who came down to rally us together. His wife Paula Lindsey for being our official starter. David Mowat and his crew for providing water safety.

We raised over \$500 on the day which was donated to Mallacoota SLSC who were directly effected by the January bushfires.

Finally, my advice..... shop around early guys. Try the op shops. Start looking now for the perfect heel (open toe, heel strap and a solid heel are essential). Look forward to seeing many more participating next year.

Sal Davis
MMLSC High Heel Swim Coordinator

Iceberger's Report

The Mount Martha LSC Icebergers continue to go from strength to strength. Our 13 seasons have produced a total of 106 'certified' Icebergers of whom at least 70 are still regular swimmers and contributors to the club. Nineteen rookies joined the ranks by completing the 2019 winter swimming season without the benefit of a wetsuit; a record number.

Iceberger of the Year for 2019 was Simon Clement and Rookie of the Year was Fiona Walker.

Education is the key to safely conducting any water-based sport, particularly open water swimming and particularly in cold water. Over the years, collectively we have built up a substantial knowledge base through research and experience that can only be of benefit to the club and the broader community. To adequately prepare for the onset of the winter season, our "Cold Water Swimming @ Mount Martha" booklet was distributed to all newcomers (rookies) as the temperature started to drop, and this was followed by our pre-season 'Information & Challenge' dinner and several more formal information sessions. All rookies were closely monitored and encouraged throughout the season.

A program of other winter-time activities in 2019 included the annual weekend away in Lorne for the winter pier to pub hosted by the Brighton Icebergers, numerous peninsula-based walks, trips to the Hot Springs and lots of coffee. Throw in a number of breakfasts, Pilates under the watchful eye of our resident physio and our fun-filled, season-ending 'Presentation' night, and a good time was accessible to all. During the warmer months, the Icebergers simply reverted to being regular club members. The summer conditions permitted longer and more adventurous swims and our swimming numbers swelled (particularly mid-week). Out of season, most Icebergers became intimately involved in regular club activities such as patrolling, educating, instructing, administrating, coaching, competing, fundraising, assisting with the MMAD swim, and participating in any number of other wider club activities.

CONSTRUCTION

Gear Steward (Competition) Report

The 2019/2020 season was very short. A number of LS carnivals were cancelled due to bad weather and Covid-19 restrictions stopped all equipment use early in the new year.

Only a handful of boards required fixing during the summer. It was disappointing to see a few boards have their fin and/or fin box damaged. This was due to the boards being stood on whilst on the beach.

During winter, all boards will be checked and repaired if required.

In the season, the club purchased 2 x surf skis and also some nipper and senior boards. All club members are very fortunate to have available to them an assortment of water craft and boards.

The golden rules for looking after equipment: -

- Do not leave boards face up in the hot sun - turn upside down
- Do not drag boards over sand
- Get help to carry boards out of the racks and to return them. A lot of damage occurs when handling them in the confined spaces of our club rooms
- Take care when loading/unloading and strapping boards onto cars/trailers
- Report any damage to equipment to patrol captains and place a "do not use" tag on the equipment and store it at the back of the equipment room
- Take care of the equipment and only use the equipment the way it was designed for
- Do not stand or sit on a board when it is on the sand.

Summary

I have enjoyed the last year - all my interactions with people at the club has been extremely positive and fulfilling and I will be happy to continue in this role if it is the wish of the members. A special thank you to Jon, Troy, Bec, Pam and Brendan for their assistance, guidance and support they have given me during the year - you guys are very special people and it is a privilege to be part of your team.

Keith Hunter

MMLSC Gear Steward (competition)

Building Maintenance Report

The clubhouse is getting to a point now where there are a few items deteriorating under the strain of a well-loved club in a very adverse environment.

This season we have replaced the automatic winding hose reels, introduced a new fire extinguisher and fire blanket in the patrol room and undertaken routine staining of the timber posts and battens on the beach side to keep them nourished and hydrated.

We also introduced the swipe card access this season and installed the cctv cameras. While both of these systems have taken a bit of getting used to, they allow for a more secure building and ultimately greater access for more members. Unfortunately the local rodents took this a little too far and managed to chew through a water supply pipe flooding upstairs and caused some damage to the plasterboard ceiling.

We had two working bees this season, thank you to those who attended and helped out, it is much appreciated.

This season has proven to be particularly harsh weather-wise. Please keep up constant vigilance of keeping things clean and tidy, dry and organized on a regular basis as this is the best way to stay on top of things. Well done. I'd like to thank all of those who have helped to look after the building this season.

Steve Hofer

MMLSC Building Maintenance Coordinator

Grants Officer Report

Mount Martha Life Saving Club is a wonderful community resource. This year we have been fortunate to secure a number of grants. It is terrific to be recognised for the services we provide and foster partnership with our funding agencies.

Grant funding was used for a variety of projects that support our members and the broader community. Some of the projects include:

A *VESEP Grant* to support our IRB racing team. It will enable the purchase of a new Thundercat IRB, motor and IRB competition trailer. The project totals \$35,000. Special thanks to Bec and Craig for securing this Grant.

It is terrific to see the Club Administration Grant be increased to \$7,500. Other projects pending include: A *Sporting Club Grants* to purchase new patrol uniforms, and an expression of interest has been lodged with *The Department of Social Services Volunteer Grants* for two outdoor shade shelters to be used for Life Saving Patrols.

Seeing worthwhile projects come to fruition involves a team effort. Special thanks to the efforts of Bec, Brendan, and Craig for help making great ideas happen. Do feel welcome to contact the Grants team if you would like to get involved, or if you are looking for funds to support a fabulous project idea.

Tonia Krasnoff

MMLSC Grants Officer

All Abilities Equipment Report

I took on the newly created position of All Abilities Equipment Coordinator from the start of the 2019/20 season. During the next couple of months the existing beach matting was replaced due to it suffering from wear during the previous year and also more importantly the fact that a number of the edges showed significant fraying to the matting material. Obviously this presented a major tripping hazard and some rolls of matting were swapped over for newer matting which in turn again frayed at the edges. The only other issue of concern is the use of the matting for launching jet skis. This can cause some damage to the mat if care is not taken. It appears this is more of an issue with skis launched by LSV, however that matter is being addressed.

We started the new season with brand new matting comprising 4 x 10 metre rolls, 2 x 5 metre rolls and 2 x 2.5 metre rolls. These were sourced mainly from the original supplier and were provided as no cost replacements, for the frayed existing matting. During the season the new matting has shown to be an improvement over the previous issue however it still shows some fraying, although much less than last season. Some rolls are yet to be used so we are in a good position for the next season of use.

Also during this current season myself and Pam Mowat have attended meetings with representatives from Mornington Peninsula Shire who have been very much involved in the supply of the equipment. We have also met with representatives from Bayside City Council and Frankston City Council who have been very keen to discuss our equipment, the way it is set up and used and the input from the club members as a whole. All these external parties have been very impressed with the commitment MMLSC is making to facilitate beach access for all people. What also impressed them greatly was the involvement of all the club members who have assisted in enabling the use of the equipment. This is something that both Councils have expressed their desire to foster within their own areas.

The Mobi chairs have also been used by different people and together with the matting have again proved quite successful. Regular maintenance on the two chairs is undertaken and they are both in good operational condition. An important part of the care of the chairs is that they are hosed off with fresh water after use. Even though they are mainly made from aluminium, there are some fittings that do suffer from salt corrosion. A number of aged care facilities throughout the Mornington Peninsula have also made enquiries and bookings to use our equipment. This has taken place on some occasions however due to some less than favourable weather conditions this season, some of these activities have had to be postponed or cancelled.

We have had some fairly intense storms through the season and this has resulted in the matting having to be withdrawn from the waters edge at times so as to prevent it being damaged. Some regular maintenance and changing mat position has needed to be undertaken. A big shout of thanks must go to our Icebergers and regular morning swimmers who have been involved in repositioning the matting on occasion.

I do not envisage that the current beach matting will need to be replaced or repaired prior to the next season starting as we still have some rolls of matting yet to be used. The Mobi chairs are in good condition. The equipment has received its fair share of positive media coverage during the season and this should result in more use by a number of local people and care facilities. It has been quite successful in the four years it has been available and its use will only continue to grow now that more people are aware of it. Again thanks to all those club members who have assisted with both the matting and the Mobi chairs during the season.

Paul Cole
MMLSC All Abilities Equipment Coordinator

IT Manager Report

This year has been my second year looking after the Clubs IT and my initial intention to convert the club over to a centralised Cloud offering, Google G-Suite, which is free for non profit organisations like MMLSC, has been achieved. Google Drive has now replaced Dropbox for the club's Cloud storage. Google Calendar for committee events.

All committee members now have access to Google Calendar and Google Team Drives dependent on committee roles. Committee agendas and minutes are now accessible online to be referred to and updated in real time during committee meetings. The majority of committee members no longer use hard copies of these documents during meetings.

The club's new website was launched at the beginning of the season with a new look and feel. One of the clubs new CCTV cameras has been integrated into the website to provide a webcam view of the beach and Bay. Great for those who want to check conditions before heading down to the club for a swim or paddle. Mount Martha Life Saving Club's Google Calendar is also now accessible from the clubs website.

This has also been the first year that our membership team have used Google Groups to centralise the processing of membership applications and we will look to see if there are any improvements we can make to this for the next season.

Simon Tate

MMLSC IT Manager

Beach Patrol 3934 Report

We have continued until May this year to run Beach Clean Ups on the last Sunday of each month. ***Due to COVID-19 beach clean ups have been suspended until further notice.***

Beach Patrol Victoria is a chain of volunteer community groups each defined by suburb, postcode & t-shirt colour. After each clean the rubbish is sorted and weighed into categories eg glass bottles, soft plastics, cigarette butts, bottle tops, straws, plastic bottles, metal cans etc. This data is submitted to Beach Patrol Victoria and is important in the collection of data indicating waste around the Bay.

The Club has purchased buckets, tongs & gloves. Beach Patrol Victoria has provided a banner, t-shirts, first aid kit, sharps container and collection bags. On the last Sunday of each month all members are welcome and encouraged to come & collect rubbish on the beach from 9am – 10am.

So far there have been 10 official beach patrol clean ups. The rubbish collected & weighed totals 494 kilograms to this date. Even though the beach can look clean there is a lot of rubbish up near the beach boxes. There is also a huge increase in the number of 'nurdles' (very small pellets of plastic) found in the sand and seaweed along the beach. This illustrates the worldwide problem of plastics in our ocean.

We encourage families to join our beach clean ups once per month, and love to see the kids getting involved in looking after our environment. This program currently has 610 followers on Facebook and 75 registered at beach patrol clean ups. Beach Patrol 3934 co leaders are Cathy Mitchell (MMLSC) and Amy Westnedge (MM Community). This program continues to offer great scope for expanding the clubs involvement with local environmental conservation.

Cathy Mitchell

MMLSC Beach Patrol 3934 Coordinator

Team App Report

The 'MMLSC Team App' has certainly increased in its popularity over the past 12 months. Currently sitting at 476 members, with 24 access groups (access levels), the App is improving the way in which we communicate at the club.

The access groups include; MMLSC keyholders, Committee, Icebergers, IRB Training & Comp, Masters, Nipper Coaches & Age Managers, Nipper Competition Team, Nippers, Patrol, Patrol Team 1, 2, 3, 4, 5, 6, 7, 8, Pilates, RWC Team, Seniors Open 18+, Starfish Nippers, Yoga, Youth / Seniors 13+, Schools Program Lifeguards.

We have spent some time this year ensuring our valued sponsors are appropriately recognised throughout the App. The sponsors appear on the banners automatically, as well as on the majority of pages, as members are viewing the information.

Communication on the App has been via the following methods:

'News' – Articles inclusive of; Patrol news, Nippers information, reminders, courses available, carnival updates, fundraising results, social events, COVID information, general information)

July to Dec 2019	49 editorials
Jan to May 2020	56 editorials

'Calendar/Events/Ticketing' – In the peak of the summer season there is an increase in events. A great feature is the ability to purchase tickets associated with an event. This helps the club manage the numbers of attendance. Here is a snapshot of the busier months.

October	42
November	68
December	55
January	62
February	48

'Chat groups' – This is where general chat/texting occurs. Since Jan 2020 there have been 51 chat groups. We had to ask club members to limit chat groups due to the notifications that were interrupting club members not participating in the chat.

MMLSC has also utilised other great features of the App:

'The shop' - This is where our members can purchase our merchandise online.

'The resources' – The club handbooks are accessible here.

Direct links – To our MMLSC website & to the clubs very own weather 'webcam' – this is a crowd favourite!

Other features yet to be accessed/set up are - setting up 'profiles' of key club members & adding 'schedules' to add rosters.

MMLSC club members have adapted well to the new communication method. It not only improves the speed at which we communicate, it also improves the members getting to know one another & increases their involvement in club activities. As we continue to utilise the App, it will become an integral tool for our members.

Kim Potter

MMLSC Team App Administrator

Awards & Recognition Report

National Patrol Service Awards

Congratulations to the following active patrol members who have reached a cumulative years of service milestone during the 2019/2020 patrol season:-

Member Name	Recognition Award
David Brown	5 years patrol
Mark Cornish	5 years patrol
Sheryl Cornish	5 years patrol
Michael Edwards	5 years patrol
Keith Hunter	5 years patrol
Leanne McDonald	5 years patrol
Emily Nottingham	5 years patrol
Troy Cochrane	10 years patrol
Jane Cole	10 years patrol
Dylan Tickell	15 years patrol

Active patrolling members who register 16 or more hours of patrol per season are eligible to have that patrol season count towards their cumulative years of patrol service. Recognition awards are presented at the MMLSC Annual Presentation Evening for every multiple of 5 years of cumulative patrol service.

LSV 2020 Awards of Excellence

This year the following four club members were nominated for the LSV 2020 Awards of Excellence:

Hannah Mowat - Youth Lifesaver of the Year

Rhys Cole - Athlete of the Year (Open and Youth)

Craig Dullard - Volunteer Trainer of the Year

MMLSC Schools Program - Community Education Award

The MMLSC Executive considered the efforts and achievements of each nominee to be of an exceptional standard and whole-heartedly endorsed their nominations. LSV are yet to announce the winners for each category.

Chris Quinn

Awards & Recognition Coordinator

Merchandise Report

The season of 2019/20 was a bit of a challenge weather wise, and unfortunately many nipper evenings had to be cancelled.

Nevertheless we got to supply the parents, as well as the kids, with warm hooded jumpers, our new hooded towels and not to forget the super warm Engine competition deck coats.

In addition our club backpacks were not only available in lime but also in navy blue, which seemed to be rather popular.

Our new range of tracksuit pants only arrived at the end of the season, but still sold.

All in all it was a rather quiet season.

Thank you to Kayley Ward for your continued support, couldn't imagine Friday evenings without your help.

Issy Frantz
MMLSC Merchandise Coordinator

Highway Collection Report

Due to the changes in organisers (Local Council to Police) and changes in restrictions (collections on roads of 70km and under now permitted), we were once again able to hold Highway Collections this season. It was a very onerous and long drawn out task granting permission and gaining approval to run the collections. Eventually we received approval and were able to run two Highway Collections:-

#1 - Saturday 11th January 8am - 4pm

This collection was very well attended by MMLSC members, thank you to all those who assisted. The public were very generous in donating on this day especially with the recent devastating bushfires. In total MMLSC raised \$9,583.20 which is an excellent result.

#2 - Sunday 22nd February 8am - 4pm

This collection was much more difficult to lock in MMLSC members to assist. There were a number of reasons for this and I think this second collection needs consideration in future seasons. Thank you to all of those members who assisted on the day - many of whom assisted on both collection dates. In total MMLSC raised \$7,541, which is again an excellent result with all funds going towards our club.

Leah Andrews
MMLSC Highway Collection Coordinator

Private Club Hire Report

During the 2019/20 season the club has once again hosted many functions.

Our members, sponsors and community groups have made the most of our wonderful facilities, and being able to have the beach as a fantastic back drop has given our wedding hire functions great photos, hosting 4 weddings one of which was a surprise. Private hire functions have included 60th birthdays, Confirmation celebration plus weddings and even a marriage proposal. It is also nice to see our sponsors, who we really appreciate, using our club for their business meetings.

Community events have included Mt Martha Footy club presentation night, Mt Martha Preschool trivia night, fundraising events, Women's mental health events, The Bloom Movement Bouquet Making and yoga to name a few.

Our club is extremely fortunate that we can share our fantastic facilities with our members and community. As club members you are entitled to use the club for your private functions at discounted members rates.

Once again, a big thankyou to our bar manager Mel and staff for running the bar and facilitating the clean-up and pack up after each event.

If you would like more information on club hire please contact me.

Julie Marshall
MMLSC Private Club Hire Coordinator

Friday Night Dinners Report

Our Friday night dinners are very connected to the weather, on nice nights they were a great hit and were a disaster when the weather didn't come to the party.

It was a challenging season to get the numbers correct but we did manage to hit the sweet spot a few times. The salad providers Houghton's in Mornington did a great job again and we finished the season with a spit roast which proved very popular.

Thanks to our sponsors Prime Cut Meats in Mornington for supplying the meat. Thanks also to everyone who helped out with the setup, serving and clean-up and a big thanks to Captain Simon for all his help with the planning and cooking.

Here's hoping for better weather next season!

David Dean
MMLSC Friday Night Dinners Coordinator

Schools Program Report

The 2019-20 Schools Program was another highly successful season for MMLSC. The season (term 4 2019 and term 1 2020) was heavily booked, on a few occasions two or three concurrent programs running. There were eighteen lifeguards, plus the lifeguard coordinator, working throughout the season. The weather did cause issues throughout the season, with many windy and chilly days that required adjustments to programs.

The season continued to cement relationships with returning schools and groups, receiving excellent feedback from every booking. The students were able to learn and enhance many vital beach skills throughout every program and thoroughly enjoy their time at MMLSC. Once again, new schools, new year levels and new groups booked with MMLSC this season. Again, these new bookings were from recommendations through word of mouth and interestingly, some teachers that had moved schools, have now brought their new school to the program.

The program's success is heavily reliant on the quality of our school's program lifeguards. Lifeguards are required to not only have knowledge and skills regarding surf lifesaving, they also need to be able to work with and teach both students and adults. Lifeguards require initiative during all sessions and must be flexible day to day and sometimes hour to hour. This season there were ten returning lifeguards that were able to bring their experience, skills and roles as mentors to achieve such successful programs. Eight new lifeguards joined the program, all were excellent in their roles, showing development throughout the season and the ability to work within the lifeguard group. Congratulations to all lifeguards this season.

One of the big achievements this season was our schools program qualifying as a coaching provider under LSV for the Sporting Schools Program. The Sporting Schools Program is an Australian wide government initiative designed to assist schools with funding to increase students participation in sport. The process to gain success as a coaching provider is quite extensive, programs need to be designed and developed to meet a number of requirements set by the Sporting Schools Program. Schools now have the option when booking a program at MMLSC, to access government funding to pay for some or all of the costs of the program. This is a great new asset for MMLSC Schools Program.

The weather can play a large role in the success of beach programs and this season was tricky. There were many days of low temperatures and importantly windy weather, making anyone wet very cold very quickly. Some days were unfortunately cancelled, some rescheduled and others were adjusted to meet needs of the school/ group. The success of rescheduling and adjusting programs relies on the initiative of the school's program coordinator in planning an alternative session, the school/ group being open to changes and also to the lifeguard's flexibility in providing the program. A very successful example of adjusting a program this season was with Osborne Primary School. Due to a week of poor weather during their booking, their program was adjusted so that the lifeguards visited the school and provided an interactive and informative session for both the year 5s and year 6s. Each session lasting 90 minutes covered, DRSABCD and the theory of the Victorian Water Safety Certificate. Unfortunately, COVID-19 did bring an abrupt ending to the school's program. There were two weeks left of the program that were booked and were required to be cancelled.

Leah Andrews

MMLSC Schools Program Coordinator

MMAD Swim Report

This year's MMAD swim had a few anxious moments for our organising committee as we pondered the very real possibility of having to implement our cancellation policy due to the chance of poor water quality. Also too from an organisational perspective we had a few lessons learned regarding sponsorship. Despite all of this we had an extremely successful day with nearly 1000 competitors around the same number of support people on the beach and well in excess of 140 MMAD crew – MMLSC volunteers. There were many MMAD Crew who helped out for the first time and have said they had so much fun they are going to make sure they volunteer next year. (I have written their names down already!!)

COMPETITORS & REGISTRATION

1.2m :	613 swimmers - 345 males 268 females
5km:	153 swimmers - 90 males 63 females
Novice:	92 swimmers - 43 males 49 females
Nipper:	50 swimmers - 25 males 25 females
Total:	908 swimmers (2019- 865 swimmers)

- This is our highest number of swimmers at the MMAD swim.
- The 5km swim still fills very early when registration opens on 1st October. Everyone on the waiting list was accommodated with some swimmers changing events or dropping out.
- There was a new timing system that Tomato Timing used which required a revamp of our registration process. This happened without any hiccups.
- PA system hired did not work satisfactorily - they also arrived late - AF to follow up.
- Unfortunately due to illness 3RPP were not in attendance this year.
- No First Aid incidents to report- As Tara says we like boring!

RESULTS

Overall winner 1.2km Male: Jackson Lazzar 13.34

Overall winner 1.2km Female: Sophie Caldwell 13.59

MMAD Swim Report

SPECIAL THANKS - Craig Hood

At the Sponsors luncheon I thanked all of the MMAD crew for the work they did to make the swim a success. As mentioned this year we had over 100 volunteers who helped out during the course of the day. Including all of the water safety it was very close to 150 volunteers. That is a lot of MMAD crew shirts!!

I would just like to acknowledge Craig Hood who despite moving interstate some years ago and joining another SLSC- Manly SLSC he has continued to support our swim through doing all of the background work with our on line registrations. This has been a tremendous amount of work which Craig has done willingly and as a past MMAD Swim Coordinator having him as a member of our organising committee has really been a huge advantage for our club. This year marks the end of Craig's involvement in the MMAD Swim and I would like to thank him for his efforts over the years. Craig brought a huge amount of experience and expertise to our swim. We will miss his sage thoughts and advice and also miss him Face Timing into our meeting while sitting in Manly sipping a red wine. Thanks for your work Hoodie.

FEEDBACK

This year I didn't receive a lot of feedback so I assume that everything was OK?

WARM

- Shirts looked great
- Plenty of very enthusiastic Water Safety helpers
- Working bee on the MMAD swim eve worked well
- Course set up was very smooth
- New anchors worked well
- Revised swim waves got a vote of approval from many swimmers and swim club organisers
- MC is a lot of fun and adds to the atmosphere of the day
- Pack up crew did a great job - turned up ready to go
- Pink buoys worked well for Nipper and Novice swims
- MMAD Crew sign in ensured that everyone got a MMAD crew Shirt and their name was also recorded

MMAD Swim Report

COOL

- Final design of shirts must be signed off by the MMAD committee prior to production
- Sponsors to be sorted much earlier in the process
- Don't like to material that the shirts are made from
- Tomato Timing still makes errors and therefore we still need to have checkers at the line
- Refreshments for water safety was overlooked this year
- Rostering the patrol on after MMAD Swim needs to be looked at as this patrol could have been working from 4.30am that morning.

SUGGESTIONS

- Increase the 5km swim numbers to 175
- New inflatable gate for the finish line to be purchased
- New start lines poles to be purchased
- One email point of contact
- Invite 3RPP back again 2021
- Still need bunting snake at finish line as bands needed to be collected
- The patrol team rostered on after the MMAD Swim could be the pack up crew therefore they do not need to attend until later in the morning.
- Consider having water testing on standby if creek is flowing / water is suspect - EPA only test weekly & make assumptions

Membership Report

The 2019-2020 season at Mount Martha Lifesaving Club saw an increase to 1111 members. A breakdown of our membership categories is as follows:

Category	Total Members	Male Members	Female Members	2018/19 Season
Junior Activity Member (5-13 yrs)	343	164	179	363
Cadet member (13-15 years)	55	27	28	42
Active (15-18 years)	40	13	27	34
Active (18 years and over)	114	68	46	112
Award Member	0	0	0	4
Long Service	7	4	3	7
Associate	535	251	284	512
Life Member	16	8	8	16
Honorary	1	1	0	3
Total	1111	536	575	1093

This season we had a membership team comprising of myself looking after new members and Leah Andrews, Corrina Alsop, Prue Lines-Perrier and Narelle Lear all assigned a section of renewing members with Natasha Hartley-Jackson looking after all of the active roles. We used Google Docs to create a spreadsheet which we could all work on from home. The team were available at our Open Days and I believe made the process so much easier for our renewing members. As always our biggest headache is waiting for Working With Children paperwork to come in before we accept a new member. A huge thanks to the team who all put in a lot of time and effort to get everyone processed before the start of the season. Thanks also to Simon Tate for creating Google Groups as this made it easy to check membership payments. Bec also assisted with any “tricky” issues and helped with processing. I have already attended focus groups with LSV to see how we can improve the overall renewing and new membership applications.

Pam Mowat
MMLSC Club Administrator

Active Membership Report

Thank you to everyone who has fulfilled their active roles this season. It's great to see so many members keen to get involved and we really encourage and appreciate it. We had a couple of fantastic working bees, a few very enthusiastic volunteers for the highway collections and some great helpers on Friday nights at Nippers. Not forgetting, of course, our core of valuable patrolling members and committee who dedicate many hours each week over the Summer months.

The active membership fee is significantly less than the social membership fee and, to ensure fairness, we expect everyone who accepts this reduction to contribute to the smooth running of the club. Fortunately, the vast majority of people really enjoy their roles and the social aspect that comes with it. We are constantly trying to evolve these active positions to ensure that everyone is able to contribute and fit the duties around our increasingly busy lives. There will be a few changes next year so we'll keep you posted.

See you next season!

Natasha Hartley-Jackson
Active Membership Coordinator
