

MMLSC Patrol Roster 2025/65					Published	23/10/25
* Clubs are strongly encouraged to maintain readiness to stand up patrols in response to high-risk days for the entire period from 1 November 2025 to 30 April 2026. * MMLSC has agreed to put on a additional patrol every Friday from 5pm to 7pm during the Nipper season. (We are expected to look after the beach like a normal patrol and look after our Nippers participating in our Nippers program) * When the weather exceed 30 degrees or when our beach is really busy at the end of patrol, then where posible we should extended the patrol for an additional 60 minutes. (Make sure to relay this to LSV comms) * Clubs are strongly encouraged to provide a full patrol on Christmas day or consider alternative methods to ensure coverage is provided. * Low Patronage Patrol (LPP) is premitted in the Pre and Post season if the following criteria are meet: - Notification (LPP notification form) of intend to operate a Low Patronage Patrol must be submitted to LSV no later than 11:59pm on the Thursday prior to weekend patrol. - Maximum temperature forecast for patrol area is 22 degrees or below - Cannot be in the Peak Patrol Season - No other factors which may result in increased population (ie school holidays, public holiday or long weekend, major events) - No change to beach conditions which increases the sites normal risk profile
